Eden Mills

Return from Alaska

by Mrs. G. MacDougall
Mrs. William McLean was a special guest at the marriage of her granddaughter Miss Marta Francis, daughter of Mr. and Mrs. Bob Francis, London and Leo van der Hoff, son of Mr. and Mrs. Bernard van der Hoff of Kitchener. The lovely wedding took place at Siloam United Church in London with reception following at Greenhills Country Club.

Mr. and Mrs. Ellwood Snow visited with Betty's sister, Mrs. Campbell MacDonald and family in Glengarry County on a recent weekend. Congratulations to Ellwood and Betty on the arrival of a new grandson, a first child for Nancy and Ron Vandenburg.

Get well wishes for a speedy recovery go to Joan Lowrie who had the misfortune to break a toe while water skiing at Lake Belwood.

Mr. and Mrs. Roger MacDougall, Tara and Troy spent the weekend at their aunt's cottage at McLean Lake.

Mr. and Mrs. Gordon Blacklock were welcomed back to church on Sunday after a lovely vacation to Alaska and the Arctic Ocean.

An interesting sight

on Saturday morning was a parade of about 50 antique cars on their way through to Guelph. The proud owners of these well kept cars are members of the Historical Automobile Society of Canada, and among them was Fred Rinehart with his 1940 Chevrolet.

At Lutheran Camp Edgewood on Sunday, July 11, eight original campers joined about 200 people for a dedication ceremony for the spacious new brick dining hall plus too other buildings which have been much improved. The service was taken by Rev. Jon Fogleman of St. Paul's Lutheran Church, Guelph. The few original campers took a

trip down memory lane with the repeating of the dedication that was first held back on July 29, 1944. Dr. William Huras planted a tree and everyone was invited to take home a packet of seeds so that they may grow their own trees. This popular camp is the summer home for about 100 boys and girls and some groups also use it in the winter months.

In an 11-inning ball game at Sheffield on Monday night Eden Mills came out on top with a 4-2 score. On Thursday night's game at Strabane, the home town team were the losers with an 8-2 score.

Carol Miller of Eden Mills area had a booth at the Flea Market Sunday.

Ebenezer Death ends an era

The community was shocked to learn of the passing of Mrs. Annie Darby. Her death seems like the end of an era. She and her late husband, W.F. Darby, farmed for many years on the fourth line of Nassawewa. He acted as Sunday School superintendent for 12 years, and "Aunt Annie" taught a class. When his health failed, she nursed him faithfully,

until he was called home, 19 years ago. A life member of the WMS—now United Church Women—she took a helpful part, as long as she was able. Her friendly interest in every good cause will be much missed.

Next Sunday, the three churches meet as usual. The first Sunday in August there is to be a joint service at Ebenezer at 11.

ATKINSON COLLEGE

York University

Doris visits Callander

by Doris Fines
There were five of everything. The Quints' Museum, near Callander, was one of our stopping places, as I began a five day motor trip last week, accompanied by my mother, sister Audrey Henderson of Belwood, and friend Gladys Keeler of Cedar Bailey. Five baby carriages, five eye droppers used to feed the tiny babies, five baby bottles, five rocking chairs, five wee tooth brushes, five sets of dark brown pigtales, and many more items are on display in the original house where the Dionne Quintuplets were born 47 years ago. The bed is there that they were born in, the butcher basket where they were placed after birth, and the stove, in front of which Dr. Daffoe placed the babies at birth to keep them warm. Three of the girls are living near Montreal, Emilie died at the age of 19, and Marie at 36.

usually manage to get myself lost at least once on a trip. My mother, at 96, was fine. She would remark, "This is a nice drive," or "My, I'm enjoying this." The weather was hot, but we had juice and ice-cold water from her, in the cooler, to keep us from dehydrating. And now—back to work. Hm-m!

George Lang is recovering nicely following surgery in Guelph General Hospital, and will soon be home. We wish him better health from now on.

Ward and Flora Bruce were camping for a couple of weeks at Silver Lake, and had a lively time for a few days with their two grandsons, Michael and Jeremy.

Robert and Agnes Keating, George and Suzanna are also back from a two week holiday at a lake above Bancroft.

VIDEO DISC?

How will Canadians be watching their favorite movies in the future with all the different options now available?

There is pay TV, regular TV channels, the video cassette and of course the theatre itself. For enjoyment in the home we now have the VIDEO DISC PLAYER.

As the name implies it is not a recorder, it resembles your phonograph turntable and spins a disc. The player gives excellent reproduction at less than half the cost of the video cassette recorder and ours is equipped to give stereo sound through your home stereo.

At Ryder's TV we are impressed with the performance quality and also the availability of shows like "On Golden Pond (PG), Airplane (PG), Death Wish (Restricted) and some others too.

When you combine the features of the video disc and a large screen TV it's as good as being there in person.

Ask for a demonstration at your earliest convenience at Ryder's TV.

P.S. We're selling our V.C.R. units at drastically reduced prices.

Rockwood Local teams win

by Barbara Funk
Wasn't that a week!—hot, just right for all the campers at Grand River Conservation Area. The weather must have spurred my two favorite teams on to greater things. The Squirt Soccer team played the Falcons in Acton last Wednesday night and the best news of all! they won! The score of the game was Rockwood B3, Falcons 1.

The girls' Atoms baseball team also defeated their opponents on Monday night at Rockmosa Centre. The score was Rockwood 14, Puslinch 13.

Well done, kids, keep up the good work.

If you have any interesting news, visitors or whatever, please give me a call at 856-4801 or drop into the store (R and M Shopette) with it. Lots of interesting things happen in the village during the summer and I would like to hear about it, with your help.
