CHECK OUT TRAILER
Travel trailer, tent trailer, boat trailer or just a cargo trailer, check the vehicle out before hitching it up. The Ontario Safety League reminds you to check the tow coupling, the safety chains, electrical light connections and the brake hookup. Also check the trailer's wheels, pulling off the hubs to inspect the bearings and make sure they are packed with grease. Tire pressure should be checked so that it meets manufacturer's recommendations—under-inflation is as unsafe as over-inflation.

Halton Hills deputy fire chief Bob Hyde estimates \$15,000 damage after a flash fire in the Spray Booth at Heiler's Monday morning.

\$15,000 damages in flash fire Mon.

Heiler's employees were lucky they were away on vacation Monday after a flash fire caused \$15,000 in the spray booth.
Halton Hills deputy fire chief Bob Hyde explained that the fire erupted in the booth as it was being cleaned. It is used for lacquer spraying operation. It is believed a spark from the clean up tools ignited the vapors left in the booth.
None of the eight employees still in the building were injured in the resulting flash fire, Hyde said. Had full staff been on, he noted, the building would have been evacuated.
An estimated \$15,000 in damages resulted.
