This puts the team a solid number two in the five team league with 21 points.

At Eramosa some excellent hitting from Peter (Flash) Cargill, Randy McIntyre and Steve Wagner, along with excellent defensive work from Craig Caidenhead, Brad (Moaner) Demone, John VanDam, Paul Kilpatrick, and Jason Rogers aided in the win.

In Acton on July 30 the Thompson Fuel Boys had to come from behind to tie the game in the top of the seventh 4-4, while shutting down Puslinch Green in the bottom of the seventh.

With injuries to Randy McIntyre, Peter Cargill was pressed into service pitching while John

The Acton Free Press is delivered in Zambia? It sure is.

I just received a note from a former pastor of an Acton Church informing me that they read my column in The Free Press.

Pastor and Mrs. Brian Rennick, along with their two small children, are supervising and teaching in a small college in Kitwe, Zambia, an undertaking that must be very trying with a whole new lifestyle. Evidently family and friends mail the local paper to the Rennicks to keep them abreast of Acton news.

Lake Ontario fishing has heated up a bit with reports from downrigger anglers that lots of fish are marked at 60 to 110 feet, with a few smaller Chinooks and some Lake Trout taken over the past weekend.

A fish locator, either a flasher or a graph, plus a usable temperature probe are just about indispensable at this time of the year in Lake Ontario.

With a downrigger on, a good sized boat can make for some great fishing, especially at Salmon derby time.

My first trip to north-west Algonquin on the past long weekend was a resounding success with eight Lake Trout taken in the four to eight pound range.

Considering the time spent fishing, approximately seven hours each for three fishermen, 21 hours overall or approximately two hours per fish, it was a great catch. The park in this area is well stocked.

We observed only two other boats that had fishing rods along, out of probably 100 campers or canoe trippers.

The campsites in the park are meticulously clean, with very positive results from the new policy of no bottles or cans allowed in.

It takes good planning in the food department if one is considering an extended trip as most reasonably priced foods come with the wrong packaging. However, there's plenty of selection in dry foods and fruits available, along with plenty of fresh fish. No hardship need be encountered.

Brian Farrell of Freed Construction winds up for the pitch in industrial action. Brian and his team shut down Electric 6-1.

Squirt soccer action was furious last Wednesday night at Prospect Park. Acton defeated Rockwood 10-1.
