# Acton Foxes in fine form for 7-2 win over Pineview

## Girl's Soccer

by Carole Saxon

The Acton Foxes were in top form last Tuesday night when they met with the Pineview Flyers. The Foxes took an early lead with a goal from Vera Vanitem which was followed shortly after by a goal from Laurie Biffis.

The Flyers who were playing short-handed fought back with strong determination which resulted in a goal.

After half time the Foxes seemed more determined than ever to try and beat the Pineview goalie, Darlene Johnson, who played brilliantly throughout the game. Two more goals from Biffis and Vanitem seemed to spark the Foxes into action once more. Shirley Van Rijk's persistent challenging finally paid off for her as she scored a goal followed by another from Sue Nadhazi. Five minutes from the end and almost in total darkness Shelley Graham, who played terrific throughout the game, broke through the Pineview defence scored the final goal of the game to give the Foxes a 7-2 win.

## Ladies draw 0-0

JJ's ladies played an excellent game last

Monday as they tied 0-0 with Georgetown ladies.

Good goalkeeping by both goalies kept the score sheet blank but the forwards kept trying right up until the final whistle. Strong performances were given by Anne McCord, Gwyneth Gibb and Wendy Stevens.

### Villa 'B' ties match.

Acton villa B faced the bottom club in league play at McKenzie Smith last week and as in their previous meeting, could only manage to draw.

A lethargic Acton team, despite missing numerous chances in the first half were two goals up at half time.

But casual and sloppy play allowed the visitors to come back to a 2-2 score.

Acton came to life later in the second half but had left it too late and what should have been two easy points, became only one. This could prove costly when the promotion points are tallied and could be the difference between promotion to the first division or third place and staying down in the second division. Villa B are away to Brackens tonight Wednesday, August 18 at Moore Park. The playoffs start August 25, but opponents are not yet finalized.

## Outdoors

An angling trip to Great Bear Lake in the land of the midnight sun is a dream for most people.

However, it was a dream come true for a couple of local sportsmen, Doug Mason of Acton and son Wayne of Halton Hills who have just returned from a week of fabulous fishing and sightseeing in this fabulous frontier of Canada.

Along with battling large Lake Trout, they made a side trip to the Copper Mine River where Doug Mason landed an Arctic Char at 15½ pounds, a very respectable catch. It will make a great trophy.

No prettier fish can be found than the Arctic Char with its bright colors which nature endowed this species with.

Wayne Mason landed the largest fish with a 21½ pound Lake Trout plus a near record 3½ pound Grayling.

The trip to Great Bear and home again by air posed some problems. On the way out at Yellowknife all fishing rods disappeared, I can just imagine the blue air around that air carrier. On the way home all trophy fish became misplaced and did not arrive with the fishermen. This in itself is a great catastrophe as fish are needed on these returns trips to verify the stories, tall or otherwise. However, the airline rectified this situation, delivering the fish by special delivery.

Salmon action on Lake Ontario has become very good with reports of records catches by many local fishermen. John Foley and his son Darren of Halton Hills boated 21 Salmon in approximately six hours of fishing. They released them, with the exception of two 10 pound fish.

Charters for Salmon fishing have become very popular. Tackle and rigs for this type of angling have become standardized with a jargon all their own.

Acton has its own charter boat with Gary Foster of Roseford Terrace. Gary has boated a good many Salmon already this season just to get in practice for the Great Salmon Hunt.

On the local scene, Fairy Lake in Acton is producing some nice bass. Bob Parsons of Acton landed a 4½ pound bass, plus a whopping big 30 pound carp. That's no small achievement in a small restricted lake. Bring us a picture next time Bob, it will save you some ribbing in the future. Many people don't believe Fairy Lake holds such large fish. Tight lines.

Father-son fishing team of Doug and Wayne Mason struck it rich in the Yukon last week. In the top photo Wayne (left) helps Doug with his 3½ pound Grayling. Middle photo shows the cream of the crop of last week's catch including Doug's 15½ pound Arctic Char (left). Wayne shows off his prize catch—a 21 pound Lake Trout in the bottom photo.

Doreen Uranick was the first lady to finish the 1000 m run Saturday at the Highland Games in Fergus and set a new record.
