CANADA SAVINGS BONDS

12% FIRST YEAR

THE NEW SERIES.
New Canada Savings Bonds earn 12% interest the first year. And after the first year, bondholders are guaranteed a minimum rate of at least 8 1/2% for each of the next six years. Even if interest rates drop, you will never receive less than this minimum return on your Bonds.

Canada Savings Bonds not only guarantee a worthwhile return on your money, but they also provide other benefits that help make them one of the most convenient and effective investments you can find.

MAKE SAVING EASIER.
You can purchase Canada Savings Bonds with a simple cash payment or through instalments. And if you have the Payroll Savings Plan where you work, the Bonds are available through convenient deductions from each paycheck. Canada Savings Bonds are available in amounts as low as \$100, up to the purchase limit of \$35,000.

SECURE AND FLEXIBLE.
Canada Savings Bonds are a secure investment, and they also give you flexibility where it counts most. Should the need arise, your new Canada Savings Bonds can be cashed anytime. Prior to December 31, 1982, you will receive the full face value of your Bonds. After that date, you will receive full face value, as well as all interest earned from November 1, 1982.

2 WAYS TO EARN INTEREST.
Canada Savings Bonds offer you a choice of Regular Interest Bonds, which pay interest annually, and Compound Interest Bonds, which earn interest on your interest automatically.

ON SALE OCTOBER 25.
New Canada Savings Bonds go on sale Monday, October 25. Up to and including November 8, 1982, you can purchase your Bonds without having to pay accrued interest. They can be purchased from any authorized sales agent, including banks, investment dealers, stock brokers, trust companies and credit unions.

But don't wait too long. Please remember that the sale of this year's Series may be discontinued at any time.

CONTINUE TO EARN WITH THE BONDS YOU HAVE NOW.
The Canada Savings Bonds you already own are still worth holding on to. For the year beginning November 1, 1982, the rate on all unmaturing Bonds has been increased to 12% from the 10 1/2% minimum promised last year. The minimum rate for each subsequent year until maturity remains at 10 1/2%.

Bonds issued from 1977 on benefit from this increase automatically; holders of unmaturing Bonds issued before 1977 receive the higher return through an increase in the cash bonus payable at maturity.
