## Fatalities, driving charges up

Fatalities, injuries and accidents are all down this year across North Halton while traffic charges have soared.

At the same time police have charged 186 drivers in the north with impaired driving and handed out 12 hour suspensions to 41 people.

Charges for dangerous driving have totalled 12 and 43 people have been caught driving while they were disqualified. A total of 147 careless driving charges have been laid and 5,564 other Highway Traffic Act violations have been recorded.

Radar has been used on North Halton roads for 1,002 hours and 2,000 people have been charged with speeding.

McPherson said police are "quite pleased" with the results of beefed up enforcement.

A drive in 1982 to reduce accidents through stricter enforcement of traffic laws has paid off, according to Inspector Matt MacPherson, head of Halton Regional Police Force district one: Acton, Georgetown and Milton.

So far in 1982 there have been only four fatalities while 281 people have been hurt in accidents. There's been a total of 659 accidents in which property was damaged.

Doesn't EVERYBODY know about keeping an open box of baking soda in the refrigerator to cancel food odors? For best results, sprinkle some out each week to leave a fresh surface in the box.

After a couple of months, replace with a fresh box of baking soda. But don't waste the old one—pour it into sink drain and/or garbage disposal to work its deodorizing magic there, too.

More on baking soda: rub into pet's coat between shampoos, then brush well. Fido will smell better.

Cold water will keep peeled potatoes from darkening. You can soak them for hours, even overnight.

**PROTECTION AT NO EXTRA COST 5 YEARS OR 80,000 km**  
Engine and Powertrain Protection  
We're so confident new Omni and Horizon will give you years of trouble free driving that we'll give you an engine and powertrain protection plan for 5 years or 80,000 km, whichever comes first. (Subject to a 175 deductible charge each year after 1 year or 20,000 km.)

Outer Panel Anti-Corrosion Protection  
If the outer body shell of your car develops rust perforation in five years or 80,000 km, whichever comes first, of normal use it will be repaired or replaced at no cost. That's about the best rust protection plan you'll find anywhere. See dealer for details.

If you can find better protection, take it.
