

Stewarttown

by Phyllis Stewart
and June Ross

This week at St. John's the Guild will be meeting on Wednesday night, November 3. Then on Saturday November 6 is the Guild's Annual Bazaar. It will be at this Bazaar that the Quilt will be drawn.

Watch next week's Independent to see who the lucky person is. It will be in the notice column. And on Saturday November 7 Anglicans in Mission at 7:00 p.m. So we'll be seeing you there.

UNICEF CARDS

Have you ever noticed how UNICEF cards and children have two things in common? They are small in size and big in hope. When UNICEF brings food, medicine and education programs to the world's most needy children, it brings hope for better lives; and children are the hope of the world. For UNICEF's 1982 free color brochure and details of sales locations, contact: Georgetown Y at 877-6163.

CO-OPERATIVE EDUCATION—"A Step Toward Tomorrow"

GOOD NEWS FOR GAS FURNACE OWNERS

At last! The big break-through in gas furnace technology is now available to homeowners.

It's the Lennox Pulse gas furnace - 92-96 per cent efficient (as determined by the U.S. Dept. of Energy Standards).

If your gas furnace is 10 years old or more, you owe it to your family to:

1. Get it checked every year. Age and condensation problems may affect the safety of your gas furnace. Don't take chances. Leaking fumes are invisible and deadly.
2. Enquire about the new Lennox Pulse furnace. It can make a drastic reduction in your heating bills - enough to justify replacing your current unit today, even though it is still operating.

The Pulse gas furnace features:

- ☆ low-cost installation
- ☆ high quality components
- ☆ easy serviceability
- ☆ quiet, trouble free operation
- ☆ 20-year heat exchange warranty

It's been field-tested for five years. It doesn't even need a chimney!

For a free, no-obligation estimate . . . or, if you want your furnace checked and tested, call us!
