McDonald remand
 Rose McDonald, charged with dangerous driving, has been remanded to June 28 to set a date for trial.
 McDonald appeared in Guelph Provincial Court yesterday (Tuesday) to face charges laid following a fatal car crash in Guelph in which an Acton teenager was killed and a second seriously injured.

Legion happenings

by Al McKerracher
 On Thursday, June 9, a funeral was held for Comrade Art Dalgie. Your Branch was well represented as more than 50 members attended.
 An outing for a contingent of the more than 15,000 Rotarians attending the Toronto Convention used our Branch facilities for a barbecue last Tuesday.
 This Friday evening an invitation for new members will commence at 7 p.m., followed by a light dinner and dance to the music of Partle Sound. Let's all try to attend and welcome the new members.
 In order to give our chefs as much advance notice as possible, pick up your tickets at the bar for the annual barbecue coming up on June 25.
 Rod Leech informs us that horse shoes will be a regular summer activity on Thursday nights.
 If you hear of any members who are sick, Fred New and Collin Baker would appreciate notice.
 Tim Sky will be providing music for your entertainment at the Branch this Saturday night.

Red Shield gets \$10,000
 An estimated \$10,000 has been raised through this year's Salvation Army Red Shield Appeal, Campaign Chairman Dr. David Van der Bent reports.
 The funds raised in the annual May campaign are used to fund the church's social programs, including the annual Christmas basket distribution.

Revise Citadel's light requirements
 Halton Hills Site Plan Committee made some minor revisions to lighting requirements for the new Salvation Army Citadel earlier this month.
 Back last October site plan review committee decided lighting poles weren't to be higher than 10 feet or three metres and the fixtures weren't to be the type that shine onto adjacent properties.
 However, the manufacturer of the 150 high pressure sodium fixtures for the parking area required that poles should be at least six metres high. Town staff agreed to the change and the Salvation Army agreed that the lights will be modified in the event they shine on adjacent property.
 Site plan committee approved the lighting modification.

Fence . . .
 (Continued from page 1)
 recommendations indicated procedures were "proper", so nothing needed to be changed.
 Hiring of additional staff isn't planned, three guards work a rotating schedule, two at the beach and one at the wading pool at all times.
 Staff is working on wording for some new signs designed to make all swimmers aware of the rules of the swimming area at the lake, for example what blasts from life guards' whistles mean.
 The Town must determine where to put the signs and how to fasten them so they will stay up longer than just a few days, Shepard explained. Swimming area rule signs being repeatedly ripped down has been a problem previous summers. Staff is planned to use heavier boards and looking at ways to fasten the signs more securely.
 The only noticeable change at the lake will be the fence between the road and beach area. This fence will enclose the beach and benches will be fastened to the fence on the lake side. No picnic tables will be allowed within the enclosed beach area. Shepard said this will probably please some people, while others will complain.
 Life saving equipment has always been available at the lake and is kept beside the lifeguard's stand.
 "We'll be looking after the safety of the public," Shepard concluded.
 The Fairy Lake swimming area and wading pool at the park will open June 27 and supervised swimming is daily from 2 to 5.30 p.m.

Cars in collision
 Two Willowdale drivers collided their vehicles on Queen St., east of Acton Blvd. Sunday evening, causing about \$1,000 total damage and sustaining minor injuries.
 Police say Howard Wilce, 57, and Wilfred Kline, 44, collided their cars at about 3.15 p.m.

Pulp and Paper Reports:

Meet Your Customers

Canada sells four times as much pulp, paper and paperboard as it uses. Without a healthy export business, Canada's industry would be about a fifth of its present size and provide many fewer jobs.
 Ocean freighters laden with the world's finest forest products set course to world markets to earn pounds, francs, pesetas and dollars. Forest products alone earn more foreign currency than exports of minerals, agricultural products, petroleum and automobiles... combined.
 The economic recession has been worldwide. It has greatly affected our customers, and our competitors. It has been difficult to make sales, even harder to make them profitable. Competition has been tougher than ever, and will continue to be, even as the economy recovers.
 Pulp and paper is Canada's largest manufacturing industry. And the forest industry as a whole accounts, directly or indirectly, for one job in every ten in Canada. When times are bad in Venezuela, Germany and India, the effect is felt in forest industry communities across Canada.
 For more information, send for "New Challenges", a free booklet from Public Information Services, Canadian Pulp and Paper Association, Dept. 3, 23rd Floor, 1155 Metcalfe Street, Montreal, Quebec, H3B 2X9.
