TOWN OF HALTON HILLS

NOTICE OF PUBLIC MEETING

PROPOSED TOWNHOUSE ZONING BY-LAW

The Council of the Town of Halton Hills will conduct a public meeting to discuss, examine and receive comment in respect to a proposed general zoning by-law amendment for Townhouses in the community of Georgetown.

The general purpose of the by-law is to clarify matters in defining and setting out requirements for townhouses. The by-law established two categories of townhouse; Group Townhouse and Street Townhouse.

Members of the public and interested citizens are invited to view a copy of the proposed by-law on display at the following locations:

- Municipal Administration Office
Trafalgar Road 8:30-4:30
- Planning Department
232 Guelph Street
Georgetown, Ontario 8:30-4:30
- The Public Meeting
Time: 7:00 p.m.
Date: August 29, 1983
Place: Municipal Administration Building
7th Line, Trafalgar Road
Town of Halton Hills

Broken light standards outside of the Acton municipal offices were repaired recently. Councillor Rick Bonnette had pointed out even though the building is owned by the Acton Y, it is the Town which looks bad.

Clergy Comment

by Pastor John Cooper

Georgious summer days! Do they just happen, or are they by God's design. How you answer that question tells where you are coming from. Some would answer, "They just happen along." They mean everything in life is willy-nilly. There is nothing, surely no one, who is in control. That they are here is a chance happening. Surely it follows that their opinions are about as airy. And shall these lives not vanish away as does the morning mist.

How different are the lives of those who see their God and Lord in all creation. He is the creator of all things visible and invisible. He has not designed it all merely to run by itself. Rather He maintains the work of His fingers, and we can sing with the poet of the Old Testament, "All your works praise your name, but your saints bless you." Yes, every atom created by God gives praise to its creator by its existence, its design, its relation to every other atom.

And man created in the image of God is a free agent. He can stand with God, see all things as God intended them, and so praise God, thank Him for His creation, and live before His face on gorgeous summer days. A free agent man can choose to stand over against God, see all things from his own prejudice, and so use his energies to abuse God's earth and fight with his fellow-rebels to control its riches and resources. Is it not happening just so on this gorgeous summer day.

And do you imagine that God is going to let free agent man just go on abusing himself, one another and all the earth. Every day is rich with His faithfulness inspite of all man's abuse. But the day is coming when we must give an account, a reckoning, of what we have thought, planned, and done. And if you are among those who did his own thing during these gorgeous summer days that just happen along, then you will begin to experience a dark and dismal existence apart from the God of all light and life. But if you believed and trusted, lived with, and enjoyed the creator of these gorgeous summer days, then He will invite you to life with Him that knows no end to gorgeous summer days.
