Villa "B" soar past Eagles in thrilling penalty kick contest

by Dave Dodds

Acton Villa "B" advanced to the second round of the Inter-County Second Division Soccer League play-offs by virtue of a victory in a penalty kick contest. The penalty kicks resulted after Georgetown Eagles defeated Acton 1-0 in the second game of their series, tying it at one game apiece.

The teams were to take five penalty kicks each with the winner being whichever team scored the most goals. After the five kicks were taken it was still tied as each team scored four times.

The referee decided they would take on penalty kick each until somebody missed to decide the winner.

On Villa's sixth kick Gordie Bruce scored with a well placed shot. The Eagles' player then took his shot and put it over the bar to give Acton the win in this exciting contest.

Villa's other penalty kick scorers were Peter Jones, John Gibson, Garry Woods and Fred Blain.

Acton's goalkeeper Gary White made a tremendous save on the Eagles third shot to keep Villa in the hunt.

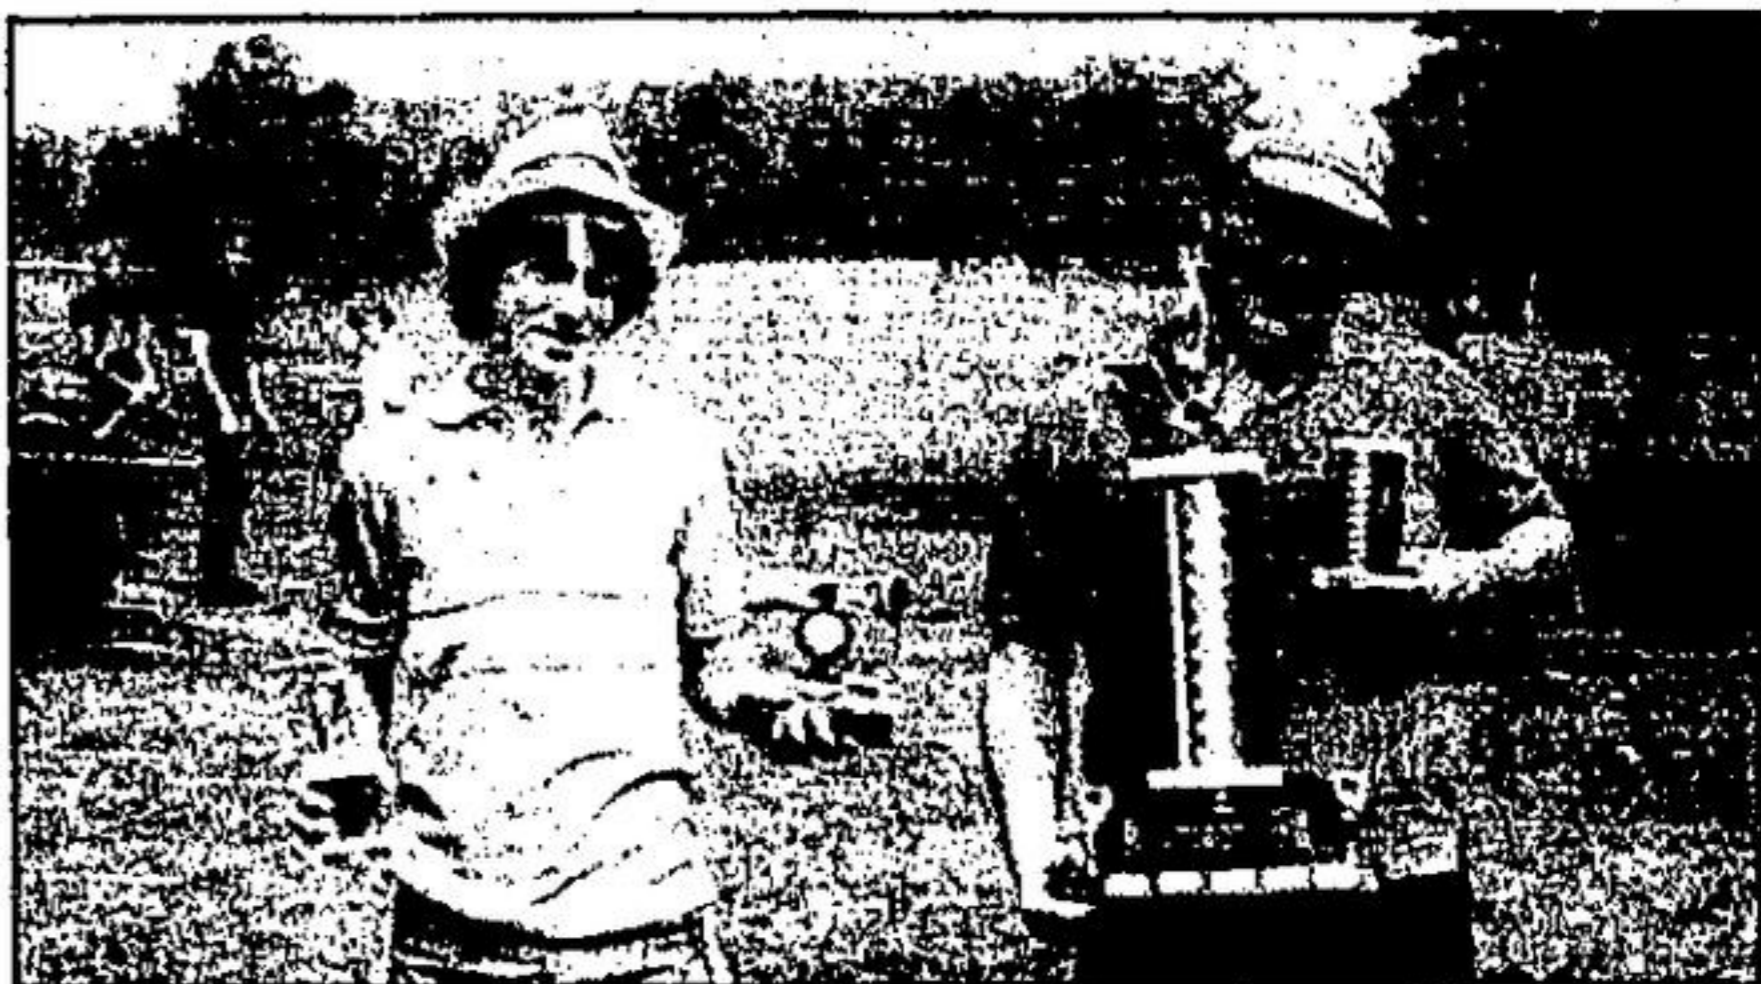

In the game itself, Acton seemed to take the lead in the first half on a goal by Blain, but the goal was disallowed due to an infraction on the Eagles' goalkeeper. The half therefore ended in a scoreless draw.

In the second half Eagles' pressing finally paid off in a well taken goal, set up by a defensive lapse by Villa.

Acton who previously looked as though they would be satisfied with a tie, started doing some attacking of their own, creating several scoring opportunities.

Ted Nadhazi was Villa's most effective forward with Jones, Gibson and Bruce playing well defensively.

Acton will now play Milton Metal Fab in a two game series and hopefully can pull off another upset. Metal Fab defeated Varian 3-1 last week to sweep their series in two games. The site of the opening game is still undetermined.

Junior golf champions, Jamie Thatcher and Pete Csaszar, display their trophies won in last week's junior golf tournament. First place went to Pete Csaszar with a low gross score of 77. Thatcher placed second with a low net score of 59. Donating and presenting the trophies was Bud Kentner.

Kiss an old flame goodbye.

We'd like you to take a minute now to think about something you'd really rather not think about. Home heating. Because right now is the perfect time to do something about next winter's oil bills.

If your oil furnace is in good condition, but you'd like it to run more economically, electricity is the answer. A dual-energy system combining oil and electricity will heat your home efficiently and economically.

For example, adding an electric plenum heater to your oil furnace will reduce the amount of oil you use by up to 75 per cent. While adding a heat pump will not only cut heating bills by 20 to 30 per cent, but also provide air conditioning in the summer, for efficient year-round comfort.

If your furnace does need replacing, an electric furnace or one of the other electric systems can heat your home cleanly, efficiently and economically.

Like to know more? Take a minute now and write to Ontario Hydro, Room U7 E1, 700 University Avenue, Toronto M5G 1X6 and ask for our free booklet "Electric Heating Options for Your Home". Because the minute you take now could add up to big savings come December.
