

## ROOS TRAVEL LOOKS AT HOROSCOPE

**ARIES** March 21-April 19

Look to the benefits to be gained from rendering useful services. Insurance, inheritance, or tax matters assume added importance.

**TAURUS** April 20-May 20

Partner relationships become stronger and more enduring. A question of the legality of a situation is likely to surface.

**GEMINI** May 21-June 20

Regulate employment demands to avoid overtaxing your health. Follow sound dietary practices and get enough rest.

**CANCER** June 21-July 22

Not the best time for speculative matters. A director of a club or organization looks to you for a solution to a fiscal crisis.

**LEO** July 23-August 22

Revelation projects at home should go well. Beware of the tendency to rule with an iron hand.

**VIRGO** August 23-September 22

Old matters concerning relatives or neighbors must be resolved. They'll just keep coming back until you face up to them.

**LIBRA** September 23-October 22

Wealth can be had. The price, of course, is a lot of hard work and steady application of capabilities.

**SCORPIO** October 23-November 21

With Saturn transiting your solar first house, you are forced to recognize the needs and rights of others.

**SAGITTARIUS** November 22-December 21

Working with one who is confined creates a strong desire to know more about psychological and philosophical matters.

**CAPRICORN** December 22-January 19

Humanitarian interests lead to a friendship with an older, more serious minded individual. You can do many good deeds.

**AQUARIUS** January 20-February 18

Career matters tend to peak, and you will be very busy in the affairs of social and business organizations.

**PISCES** February 19-March 20

A strong urge for recognition develops and you work hard to develop some very special achievement.
