

Pancakes were popular last week at the Parent and Tot program at the Y to make Shrove Tuesday. Youngsters gathered around Dianne Gates while she did the cooking.

This week thru the lens

Ryan Elson and Sarah Foley look forward to being served pancakes.

Clergy Comment

by Rev. Art Tribe

CURSILLO is a Spanish word which means "Short Course." A parish Priest in Spain was discouraged by the lack of men attending Church, so he began selecting a number of men from his parish and began to give them a series of teachings about the Christian faith. Attendance by the men in the parish multiplied by amazing numbers, so that he evolved a course whereby the husbands would attend first, followed by their wives on a similar course.

This proved so effective, that it soon spread to other parishes throughout Spain. It wasn't long before this Curiallo Movement spread to other countries and now it is a worldwide movement of the Holy Spirit in God's Church.

Beginning this Thursday night through until Sunday night, I will be one of the Spiritual Directors at the Women's Curiallo held at St. Mildred Lightbourne School in Oakville, sponsored by the Anglican Diocese of Niagara, of which St. Alban's Anglican Church in Acton is a part.

This will be the third time I have been "on team." It is an exciting time as participants deepen their knowledge of and their commitment to Jesus Christ. People come apart from the business of life and are invited to remove their watches and build meaningful relationships during the weekend that often last a lifetime. Their awareness of God's love is expanded. They experience some lovely surprises from other loving Christians and I have seen people transformed by the Love of God in this setting.

I believe that no one is the same after having attended a Curiallo Weekend. There are regular meetings planned to continue these people in their spiritual journey, and many people become members of future Curiallo teams so that they may help others experience what they themselves experienced—a deeper and more meaningful walk with Jesus Christ.

If you are seeking a deeper meaning for your life, Curiallo may very well be the vehicle that will launch you into a new plateau with our loving God. By the way, members of all Christian denominations are welcome to attend.

Meanderings

by M.E. Barkman

My friend in Limehouse had a memorable experience after the heavy snowfall last December.

She bundled up very warmly and went outside to walk the dogs and feed the birds. She had been able to get the chickadees to eat the sunflowers from her hand for some time and they were flitting about taking off and landing at intervals. She was holding her hand outstretched and very still, when, to her amazement three evening grosbeaks landed on her hand and arm. There were two females and one male. They ate the sunflowers and remained there for several minutes.

I have never known grosbeaks to do this before.

Y Parent and Tot program

Kim Lusty is a regular participant at the program.

Peter Barley enjoys the various toys.

Vanessa Boulanger gets right into eating pancakes.

Adrienne Klstner takes her baby out for a walk.

Matthew Virgin has fun at the Parent and Tot program.

Snack time is Meridith Glasse-Davies' favorite time of day.

Amy Lusty doesn't quite know what to make of the craft she is making.

Christopher Scully likes playing with the balls at the Y's Parent and Tot program.
