

Volkswagen introduces an elegant, spacious, limited edition, luxury sedan

that goes like blazes.

\$10,795: It seemed somehow unfair that people whose temperament demands the excitement of a performance automobile, but who need a roomy sedan, should have to sacrifice one for the other.

What was needed, Volkswagen realized, was a car with a dual personality. Thus the Jetta GLI was born.

In appearance, the GLI is an elegant sedan with a spacious interior, 2 or 4 doors, and a generous family-sized trunk.

But another side of its personality asserts itself when you turn the key.

The GLI's high-output engine matched with a close

ratio 5-speed gearbox powers the GLI from 0 to 80 km/h in a cheeky 7.2 seconds. While a sport suspension package with front and rear stabilizer bars provides superb handling and cornering stability.

These, then, are the two personalities of the GLI: A spacious, luxury sedan. And outstanding performance.

The best of both worlds.

For both the people you are.

The Jetta GLI.

There's a lot going on for women in Ontario

Find out

In Ontario, there are many opportunities for women to get involved in or take advantage of programs, services and benefits offered through the Government of Canada. You owe it to yourself to know about them. A few are listed here and there are many more. Just use the coupon below to get more information.

Need help getting a job?

If you're planning a career or looking for a job, your Canada Employment Centre can help. If you're thinking of going back to work, or changing jobs, or going to work for the first time, you may want to consult the Women's Employment Counselling Centre in Toronto. The WECC can help you decide what work you are best suited for and would most enjoy. It can teach you job-finding skills, and help you get essential training and on-the-job experience. Counsellors specially trained to help women get ahead in the labour market will provide a variety of job-related assistance. Some Outreach Projects specifically for women offer similar services. Ask at your local Canada Employment Centre for details.

Can't afford to get job training?

Maybe you can. There are many courses available for women in Ontario now. They range from academic upgrading to skill training. Most are offered by community colleges or provincial training centres throughout the province. If your Canada Employment Centre counsellor feels training will improve your marketable skills, you can take an approved course at no cost to you.

If you are eligible for Unemployment Insurance, you will draw your benefits during the training period. Training allowances are available for those not eligible for UI. Enquire at your local Canada Employment Centre, and send in the coupon.

You can earn while you learn

Another option is on-the-job training. Opportunities to be trained in non-traditional jobs can readily be found in Ontario. Many of these jobs are both challenging and high paying. The Government of Canada, through its General Industrial Training and Critical Skills Training programs encourages employers to hire and train women. Generous financial assistance is offered. Interested in working as a systems analyst, computer programmer, chef, machinist? There are lots of possibilities. Find out more by mailing the coupon.

Help with child care

Income tax deductions for child care expense have been doubled - up to \$2,000 per child. Send the coupon for more details.

The Women's Program

This program was created to support women's voluntary associations working in fields of particular interest to women. Through it, the Secretary of State Department makes grants and other resources available to women's groups to develop projects that will contribute to community education and action around status of women issues. Program staff are available as resource persons for information and project assistance. They also develop and distribute print material. More than \$11 million was spent in Ontario on the Women's Program 1982/1983. The Women's Program has regional offices in Ottawa, Toronto, Hamilton, London, Sudbury, Timmins and Thunder Bay.

Canada Works might help you

Canada Works is a job creation program that provides funds to community organizations, municipalities and businesses, helping them to hire staff for special work projects and activities. If you have been unemployed for eight weeks, you could be eligible to work on a Canada Works project. The jobs last from six to 52 weeks and give you experience and contacts that might help you find a long-term job. Your Canada Employment Centre has information on the Canada Works jobs available in your community.
