

Guess what? Pancakes, syrup at Orangeville

Maple syrup and pancakes are what's cooking at the 8th Annual Maple Syrup Festival, sponsored by the Credit Valley Conservation Authority.

The festival is being held at the Orangeville Reservoir Conservation Area on the weekends of March 24 and 25; March 31 and April 1; and April 7 and 8, 1984 from 9 a.m. to 4 p.m. A day's activities include wagon rides, trips to the sugar shack to see how maple syrup is made, guided tours, and the newly added Woodsmen Competition.

Pancakes will be provided by the Orangeville Rotary Club at only \$2.50 for two pancakes and a drink. The pancakes will be served inside the heated Interpretive Centre.

Festival goers will also be able to purchase maple syrup products, view displays featuring past and present techniques of how maple syrup is made and participate in the first Annual Woodsmen Competition which takes place at 12 noon and 2 p.m. every day throughout the weekends of the festival. Groups of four can test their skills in the following woodsmen events: wood-splitting, tree felling, log sawing and pulp toss for distance. The competition is open to everyone.

TOWN OF HALTON HILLS RECREATION REPORT

600 SKATERS - THANKS OPTIMISTS

Over six hundred skaters enjoyed free public skating over the March Break at the Georgetown Memorial Arena. Many thanks to the Optimists Club of Georgetown for again extending their generosity in providing this free opportunity. On Monday, March 26th, there will be a final P.A. Day FREE Skating at the Gordon Alcott Arena from 1:00 to 2:30 p.m. Enjoy this free skate also made possible through the Georgetown Optimists.

GREAT CANADIAN PARTICIPATION CHALLENGE

The Town of Halton Hills has accepted Red Deer Alberta's Challenge! We will be competing - just for the fun of it - against other Canadian Communities with a population of 30,000 to 60,000 persons to get the greatest percentage of residents to participate in 15 minutes of physical activity on Wednesday, May 16th!

That's all there is to it—plan to spend 15 minutes of the day doing any activity that makes your heart beat faster—walking, bicycling, swimming, rollerskating, dancing, ETC, ETC, ETC. This event is certain to be great fun for the entire community. Watch your newspapers for more details or call 877-5185, ext. 261 if you or your group/organization would like to become involved.

TRAVELCRAFTS EASTER CRAFT WORKSHOP

The Halton Hills Recreation and Parks Department in conjunction with the Credit Valley Artisans has planned an afternoon of Easter Crafts Instruction and coffee for disabled adults. June Deen of the Georgetown Horticultural Society will be giving a presentation on flower arranging. Please bring a clean salmon/tuna tin to make your own table centrepiece.

LOCATION: Credit Valley Artisans Cottage, Cedarvale Park, Georgetown

DATE: Thursday, April 5th, 1984

TIME: 1:30 to 3:30 p.m.

FEE: \$2.00/person

TO REGISTER—Please call the Recreation and Parks Department if you plan to attend so that we may better estimate the supplies required 877-5185, ext. 260.

Watercolors, blown glass exhibited at House Sol

Jennifer Chanter-Colby, well-known watercolorist from Brighton, Ontario, returns to Gallery House Sol for an exhibition from Saturday, March 17 to April 5, 1984. She will exhibit 30 new paintings with the title "Presqu'île Winter".

Last summer the federal government sent her on a painting trip to the high Arctic and when she returned to her home her eyes were tuned to the many different whites of winter. Her new paintings are all about those variations.

Jennifer Chanter-Colby graduated from Sir George Williams University and did post-graduate teaching at McGill University. For five years she was an apprentice of the Master-Ceramist Jarko Zavi. She became a painter in the seventies and had her first exhibition in 1974 in the famous Barnum House. Since then she has exhibited in Ottawa, Brighton, Cobourg, and Toronto, and—in 1979 and 1981—in Georgetown.

Jennifer Chanter-Colby's watercolor paintings will be joined by glass creations

by a young and highly praised glassblower: Denise Belanger. She is a graduate of Sheridan College. Her work consists of vases, bowls, scent bottles, decorative, colored balls and discs. She has done particularly fine work in etched glass.

Both artists will be at Gallery House Sol, 45 Charles Street, Georgetown, Ont., on Saturday, March 17 from 2 p.m. to 6 p.m.

The exhibition can be seen from Tuesday to Thursday from 2 - 8 p.m., from Friday to Sunday from 2 - 6 p.m. Admission is free.

1984'S BEST BARGAIN: A NEW OIL BURNER FOR \$8.65 A MONTH PLUS \$76.35 SAVINGS* IN THE FIRST YEAR!

*Savings of \$123.70 in the next four years and \$227.50 thereafter, based on today's fuel oil prices and an average-sized home.

You don't even have to think about conversion when you get an offer this good! Here's our offer:

We'll install a new Riello Mectron 3 burner in your oil furnace for \$8.65 a month for five years. It's like updating your furnace by renting - except that at the end of five years the burner belongs to you. Furthermore, there are no interest charges built into your monthly payments.

We ask only two things: you sign up as a Boehmer oil customer for five years (after all, you have to get your fuel oil from someone!) And, you'll get your fuel oil from us at the most competitive price on the market. Guaranteed.

Second, we ask that if you move, you pay the balance of what may still be owing on your Riello Mectron burner.

The Riello Mectron burner is the cheapest way of reducing your fuel oil bill - it's cheaper than converting. It's cheaper than buying a whole new furnace.

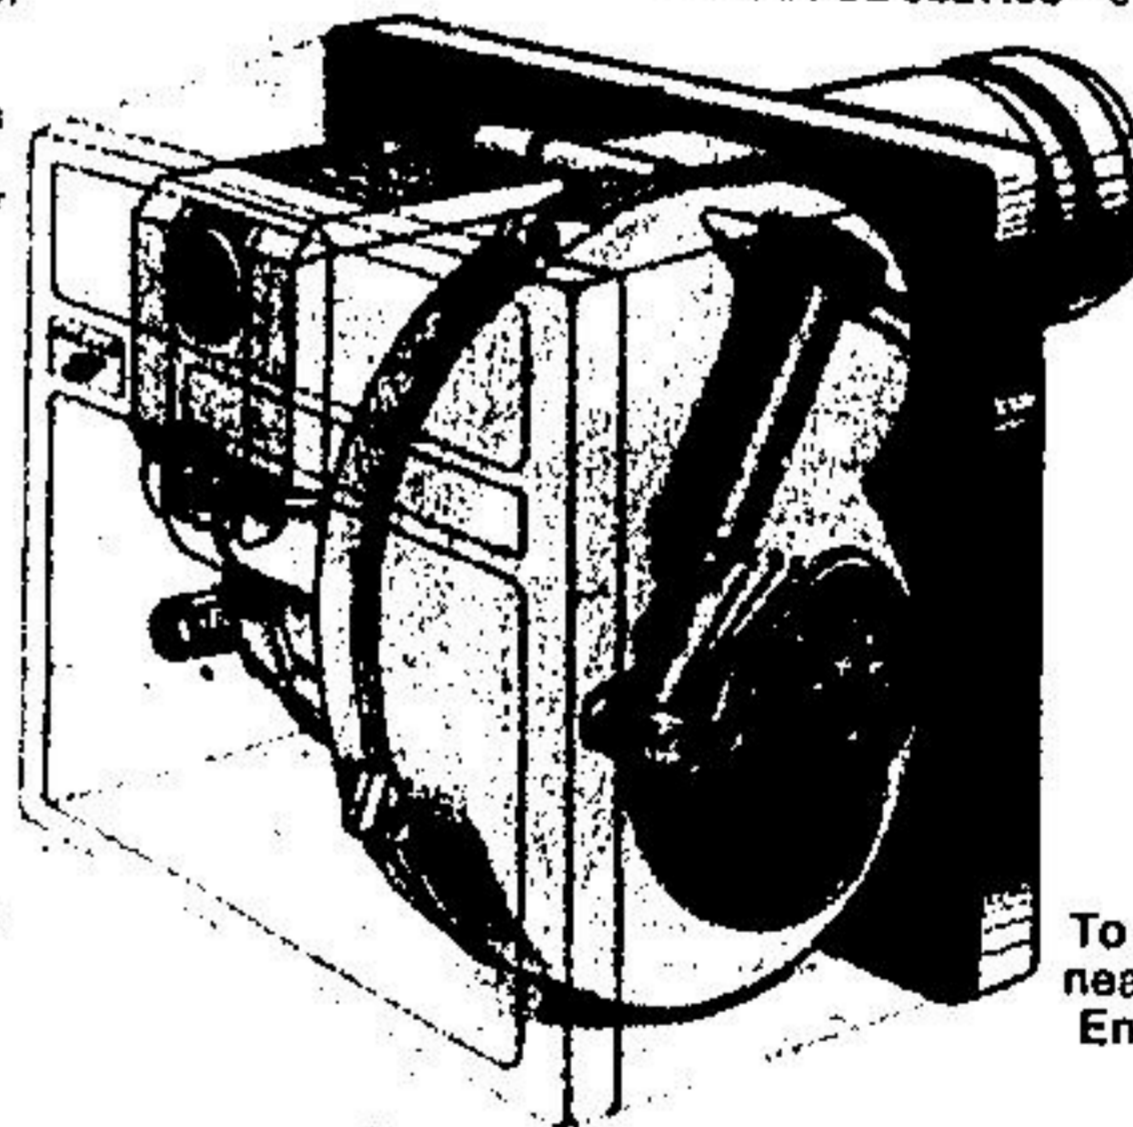

The Riello Mectron burner is the sophisticated product of European heating technology. It's sold and has proven itself in more than 40 countries. Now it's here in Canada. For the past year we have been installing Riello burners in many local homes. Based on our own findings, here's how, by taking up our MECTRON offer, you can actually update your furnace AND put money in your pocket, year after year. Based on an annual fuel consumption of 3,500 litres (the average size house) and current fuel oil prices:

1st year fuel oil savings	\$227.50
Your 1st year costs (\$56 down payment) plus 11 monthly instalments of \$8.65)	\$151.15
Your net savings	\$ 76.35
2nd year (and subsequent years) savings	\$227.50
Your 2nd, 3rd, 4th and 5th years' costs (12 monthly payments of \$8.65)	\$103.80
Your net savings	\$123.70

BOEHMERS

CALL BERYL CARTER, GEORGETOWN 877-6931

AFTER 5 YEARS, OF COURSE, YOUR YEARLY SAVINGS WOULD BE \$227.50 - even at today's oil prices! Because by then you would be paying no more monthly instalments. Of course, if you have a larger home and burn, for example, 4,500 litres per year - your first year's savings would be \$141.35 and subsequent years would be \$188.70.

UPDATE YOUR FURNACE FOR \$8.65 PER MONTH. AND PUT MONEY IN YOUR POCKET. HOW CAN YOU MISS?

To get more information: Just phone the nearest Boehmers office and ask for our Energy Products Division or send in the coupon. There's no obligation.

Mail to BOEHMERS
301 Armstrong Ave.
Georgetown L7G 4X1

I would like to make an appointment, without charge or obligation, for a Boehmer energy specialist to visit my home with information about the MECTRON burner and other fuel saving ideas.
