Knox Ladies' Aid
by Laura Dennis

Knox Ladies' Aid held their regular monthly meeting on March 27 in the Dr. Stewart Hall of the Church. In the absence of the President, Mrs. H. Murray, Mrs. K. Petty presided instead and opened the meeting with the poem "If You Need God in the Morning".

Mrs. H. Besley presided at the piano for the singing of the hymns, and the devotions were taken by Mrs. W. Kennedy reading the Scriptures and Mrs. D.S. Morrison giving the prayer. "A pet peeve when shopping" was the roll call, and there were a few. Plans for a banquet to be catered to on April 9 were discussed.

The ladies approved the completed painting work done in the entrance hall, together with other signs of spring-cleaning. Notice was given of the Salvation Army pot-luck supper. Readings, "It's a Man's World", "Salute to our Volunteers" and the "17th of March", were given by Mrs. W. Kennedy, and "The Human Side of Things" was read by Mrs. Morrison.

Mrs. C.M. Davidson and Mrs. B. Macpherson were the winners of a contest given by Mrs. Kennedy. Rev. Cribar was welcomed when he joined the ladies for a lunch of fruit loaves and jam, and he pronounced the benediction. Mrs. Besley thanked the committee for the good meeting, and Rev. Cribar for visiting with the group.

Built better and backed better.
Tempo backs its claim of quality with a U.S. survey of owners' problems after 3 months.

Is 3 months proof of quality?
Chrysler believes a better way to judge a car's quality is by how well it's backed. Only Chrysler backs every car it builds with a five year or 80,000 km protection plan: on the engine and powertrain and against outer body rust through. Tempo and Topaz don't. Citation doesn't. Only Chrysler does.

Spring fever
If you want to get a head start on gardening this year, try starting some vegetables from seed in your south-facing window, says Tony Hogervorst, rural organizations coordinator (Horticulture) with the Ontario Ministry of Agriculture and Food's rural organizations and services branch. Any container will do, from a flower pot to a milk carton, to a wallpapering trough. Fill them with potting soil and plant the seeds at the depth indicated on the seed package. Place in a warm window and keep well watered. If you seed a few tomatoes, some lettuce, cabbage, cauliflower, peppers and others in March or early April, they could be ready to transplant in to your garden in May.

Household Hints
From Pauline McNally

You'll save money AND calories if you keep cooking oil in a pump-type spray container and spray just a little oil in a pan to keep food from sticking.

You can restore some color to old, faded blue jeans by washing them with NEW jeans that are going to "bleed".

Precious will be better if you add a tablespoon of corn starch for each cup of flour.

The same fabric softener that makes towels softer and keeps socks from clumping is a perfect "conditioner" for your synthetic wig. Works better than conditioners designed for human hair - and costs a lot less.

Keep wet paper, aluminum foil, and such handy in a card board "six pack" holder underneath the sink.
