

Welcome aboard, Marg. We're never happy until we're number 1 — and based on your track record, we should all be ecstatic about Royal City "Georgetown" soon, too.

# Welcome Marg!

Marg Wood, Manager  
Royal City Realty "Georgetown"  
116 Guelph St. — 877-5296

We think Royal City managers are a pretty select group. Naturally. The standards are being upheld with your addition to our team. I've been told of your very successful career to date and look forward to watching Royal City "Georgetown" gain the leadership position we've come to expect.

Bill Wildeboer, Manager  
Royal City Realty "Orangeville"

If effort and ability can propel you to the top in Georgetown Marg, you're well on your way. The experience of operating your own successful real estate company, coupled with your considerable mortgage management experience (where I know you really clobbered the competition) augur well for Royal City. We're glad to have you on the team.

Simon Wildeboer, Manager  
Royal City Realty, "Waterloo Ave."  
Guelph

You know, from running your own office, that real estate management can be exhilarating but trying. The support of fellow managers comes in handy at times. From Milton to Owen Sound and all offices in between, you've got it. We want the Georgetown link in our chain of success stories to be as strong as all the rest.

Peter Manton, Manager  
Royal City Realty "Quebec St."
