

High wire act downtown

"Daring" Dixon crosses the Niagara Gorge in this famous old photo loaned by the Niagara Falls Heritage Foundation. He crossed the Gorge successfully 15 times in the late 1800's and got his nickname when he did a high wire crossing at Yonge and King Streets in Toronto. Pioneer Days can't bring "Daring" Dixon for your enjoyment but we will have "Great Arthur" Duchek from Garden Bros. Circus crossing Main St. on a high wire three times—12 noon, 4 p.m. and 7.30 p.m.—every Pioneer Day. There'll be other attractions, too, just like those enjoyed by pioneers.

The St. John Ambulance Brigade marks its 75th year in Canada in 1984. It was founded in London, Ontario in 1909. During 1983, the 4,172 volunteer members of the Brigade in Ontario gave 600,000 hours of public duty and helped 80,000 people with first aid treatment. If you'd be interested in joining, call the St. John Ambulance number in your local telephone directory.
