Welcome Wagon
LTD.

NOW

**Homes built before September 1, 1977
are eligible for CHIP grants**

**Insulate and draftproof
your home, and we will
help pay**

Through the Canadian Home
Insulation Program (CHIP), the
Government of Canada is
offering taxable financial
assistance of up to \$500 to
help make your home more
energy efficient.

**Save up to 40 per cent of
your energy dollar**

Whatever energy source you
use, energy efficiency is an
excellent investment.
Appropriate insulation and
draftproofing can save you a

great deal of money, year after
year, and make your home
much more comfortable.

**Choose a certified
contractor**

If you plan to apply for CHIP
assistance for work
completed by a contractor,
that contractor must be listed
with the Canadian General
Standards Board (CGSB).
These qualified contractors
guarantee that their work will
be completed to acceptable
standards. Call the toll free
HEATLINE for advice on
methods and materials.

**Or do some of the work
yourself**

HEATLINE technicians are
available to discuss any
special problems you may
have. The material you
purchase may be covered by
CHIP.

**Act now, we are ready
to help**

Call the HEATLINE today. Ask
about CHIP and arrange for
our free computerized analy-
sis of your home's energy
use. A little work now can save
you a lot of money next
winter, and in winters to come.

Phone the HEATLINE weekdays during business hours (toll free)
