

Stunt drivers at Fair with high speed skills

Canadian Tire's travelling road show—the Stunt Drivers—is being sponsored by Georgetown Canadian Tire and Capital Ford Sales and will appear at Georgetown Fall Fair on Saturday, September 8, 1984 at 7.30 p.m.

These deliberately-mad drivers—both male and female—show off their high-speed, precision driving skills in hot new unmuffled fuel-injected 5-litre Fords. The breathtaking, fast-paced performance includes two-wheeled driving exhibitions in stock-model Fords that would guarantee breathtaking of another kind if attempted off-track.

In another slam-bang part of the show, a number of condemned vehicles get the final coup de grace in an end-over-end example of "wrecked excess."

The only show driving in the show is exhibited by the Stunt Drivers' clown, Koko, who duplicates the driving stunts in his own fun-car. At some of the stops in the 120-event, cross-Canada tour, the car-drivers are joined by bikers who exhibit their own one- and two-wheeled skills on their machines.

The Canadian Tire Stunt Drivers is all round entertainment that goes all out to please the entire family. Set this date aside on your calendar!

Sept. 7-8-9

Georgetown Fair's attractions run from 'break dancers' to midway

Like to see top notch Ontario "break dancers" competing. Or watch the exciting spectacle of strength and endurance of the heavy horse pull?

These are just two of the many attractions which can be found at the 138th Georgetown Fair September 7, 8 and 9.

Held in the attractive Georgetown Fairgrounds setting the fair brings together a variety of attractions and exhibits which rival any other event of its kind.

In earlier days the fall fair was the occasion for local farmers to exhibit their produce and livestock, and the womenfolk to display their handicrafts and home baked goods. Today there are still the colorful displays of quilts, needlework and other crafts, along with the mouthwatering displays of home baking.

Beautiful flower arrangements and vegetables of every size and shape show us that today men and women are still as creative and productive as their ancestors.

As in previous fall fairs there are exhibits of livestock, giving everyone the chance to view prize cattle, horses, sheep, pigs, poultry and goats.

And, of course, it wouldn't be a fair without a midway, with its rides and games providing excitement and thrills, the smell of popcorn, the noise of vendors selling candy floss, hot dogs and balloons—it's fun for young and old alike.

In recent years many events have been added to the fall fair—events which attract people from far and wide. Who can resist the sight of the magnificent Carlsberg Championship team proudly pulling the huge wagon, or the skills displayed by the Canadian Tire Stunt Drivers?

A grandstand show offers a wide variety of professional and amateur entertainment, including Ragtime, Country, Polkas and sing-along type music, followed by a magic show.

If you like Bluegrass music there is a return appearance of one of Canada's best Bluegrass bands—"Grassworks."

The organizers of the fair haven't forgotten younger members of the family either. There's a pet show, the ever popular Old MacDonald's Farm, a collection of favorite barnyard animals and household pets and of course the new "fabulous Fun Tent" which will host the Ronald McDonald Show on Sunday.

Lots of good food, horse shows, ponyrama, giant bingo, ladies' baseball tournament and a 10 K marathon and a 3 K family fun run all add to a three day event. One you shouldn't miss.

Come and enjoy the fun and friendly atmosphere of the Georgetown Fair—you'll have a great time.

For further information contact Ian MacCallum 877-2303 or Joyce Gosling at 877-9274.

Inside

There's lots for the kid this year at the Fair. See Page 3 for details.

Horses of all breeds and colors are again a Fair feature Page 7

Steamer Emerson has booked a terrific musical variety show Friday night at the Fair. Saturday he's got break dancers and lots of bluegrass as well as other acts. See Page 5.
