

Fact Finder appointed twixt teachers, board

Alan Harries of Peterborough has been appointed to act as Fact Finder in the negotiations between the teachers and the trustees of the Halton Roman Catholic Separate School Board.

Mr. Harries will meet with the parties and write a report setting out which matters have been agreed upon and which matters remain in dispute. The report may also contain recommendations for settlement.

Mr. Harries has had extensive experience with the Education Relations Commission since 1977. He has served as a fact finder in Norfolk Elementary and Secondary, Fort Frances Elementary and Secondary, Lake Superior Secondary and Simcoe Secondary.

The ground rules for bargaining in the education sector, as provided in the Act, state that bargaining in each jurisdiction begins in January of the year in which the agreement expires. All collective agreements, in education, regardless of the term, expire on August 31. Thus the parties, have eight months of bargaining time available prior to the expiration of their collective agreement.

Events leading to a strike or lock-out are regulated and neither is legal until:

- A fact finder has met with the parties and his report has been made public; and
- A 30-day cooling off period takes place after the fact finder's report is submitted to the parties; and
- The teachers have voted—by secret ballot in a supervised vote—on the last offer of the school board; and
- The teachers have voted—by secret ballot in a supervised vote—to take strike action.

CVCA sponsor duck, goose hunt

Early fall is upon us once again and many hunters are on the lookout for places to hunt. This year's controlled duck and goose hunt at the Orangeville Reservoir will open on Saturday, September 29, and close on Saturday, October 27, 1984. The Orangeville Reservoir Conservation Area is located on Hurontario Street just east of the intersection of Highways 9 and 10, and parking facilities will be provided at the main entrance.

Anti-static

Spray blouses with a can of anti-static product before adding a sweater, says Clothing and Textile Specialist Margaret Loewen of the Ontario Ministry of Agriculture and Food's rural organizations and services branch. When the sweater is removed, the blouse will not cling.

Lower hems

Spray the inside of men's and women's pant legs with a can of anti-static product to keep hems at the ankles, says Clothing and Textile Specialist Margaret Loewen of the Ontario Ministry of Agriculture and Food's rural organizations and services branch.

The hunt will once again be supervised by the Dufferin-Northern Peel Anglers and Hunters Association and co-sponsored by the Credit Valley Conservation Authority and the Ministry of Natural Resources—Huron District. Hunting will be permitted on Tuesdays and Thursdays from 4.00 p.m. to one-half hour after sunset, and on Saturdays from one-half hour before sunrise to 12.00 noon.

Hunters must hunt from one of twelve

blinds numbered to correspond with their parking location. Seven of the twelve blinds are accessible only by boat. Hunters must stay within 10 meters of their designated blind while hunting and no more than two hunters may occupy a blind at one time.

Hunters are required to have either a boat or a dog for retrieval of downed fowl. The designation of hunting blinds and stakes is on a first come first served basis. The 1984 hunting fee at the Reservoir is \$5.00
