Europe begins in Amsterdam

Schiphol Airport Amsterdam once again voted the most popular airport in the world.

**"When are you flying to Europe
this winter?"**

**"When I want. On KLM.
Via Amsterdam."**

Only KLM flies five days a week — Tuesday through Sunday — from Toronto to AMSTERDAM. So you can fly when you want. To Amsterdam one of the most beautiful and convenient places to start your European trip. And you travel in wide-bodied comfort. With drinks, headphones and a movie all on the house. So if you value convenience, comfort, quality service and value itself, ask your Travel Agent about KLM's attractive programmes to Europe this winter including a variety of ski packages.
