

Acquiring a golden tan in the comfort of the newly-opened Tanning Centre, 120 Mill Street, is Carrie Bastedo, who is enthusiastic about the new centre.

Stay at home — get a tan

It's cheaper than going south for the winter, and you'll look just as tanned as your friends who flee our northern winters.

It's the newly opened Tanning Centre at 120 Mill Street (across from the Legion), where for the first time Georgetoners can lie in comfort and privacy and achieve that golden tan.

The brightly decorated three room centre has a mural of a South Seas beach on one wall, creating the atmosphere of a

warm beach.

The three rooms, with tanning couches have fans blowing a cool breeze across the clients who must wear goggles, provided by owner Billy Taylor.

He is delighted with the turnout in the first week of business, and stresses the lights are long wave ultra-violet light.

The Tanning Centre is open Monday to Saturday 10 a.m. until 11 p.m. and Sundays 10 a.m. until 10 p.m.

Latrines For Lesotho

The 36-household village of Ha Motsehl has completed its new water system, financed by local contributions. Villagers are directing their efforts toward raising funds to pay for the installation of latrines in a concerted effort to improve sanitation in the village. Squatting under a tree will become a thing of the past—as will gastroenteritis, thanks to help from USC Canada, 56 Sparks, Ottawa K1P 5B1.

Campaign

This is just what five representatives of USC Canada are doing this fall in the 39th annual cross-Canada fund-raising campaign. The money will help people in developing countries toward economic independence. Thanks to interest-free loans, group members can start their own income-generating activities. Economic independence does not come easily or cheaply, but the USC knows these advances are worth every penny. USC Canada, 56 Sparks, Ottawa, K1P 5B1.

A Future for Angela... A Future for the War Amps

And when there are no more War Amputees?

A question we are asked, and we have a very good answer. Angela Craig is a member of our Child Amputee Program and wears a special myo-electric arm and hand the War Amps helped to provide. This kind of help, and the many programs we operate, will continue far into the future because when there are no longer War Amputees, we will become THE CANADIAN AMPUTEES FOUNDATION and will continue to offer children like Angela every hope for the brightest future.

Amputees helping amputees. Our legacy will live on
