**Norway fund raising hits high gear**

**NORWAY NEWS**

Special thanks go to Beardmore for their donation of 50 sets of leather coasters that will be given to Acton's Norwegian hosts.

The AMHA has a busy week ahead with the Norway information night at the Acton arena at 8 p.m. tomorrow (Thursday) and, Friday at 7.30 p.m. the Acton Stingers and the Huff 'N Puffers will do battle at the Acton arena to raise money for Norway.

Harold Townsley will coach the Huff 'N Puffers and Ray Graham will lead the Acton Stingers. Tickets are \$1 and food and drinks will be available with proceeds also going to the Norway trip.

Norway night at Jack Tanners Table is this Monday at 6.30 starting with cocktails at 6.30 p.m. and dinner follows at 7. Traditional Norwegian and other Scandinavian Foods will be featured including dessert and coffee or tea. Five dollars of the \$12.50 ticket will go towards the fund raising along with 10 per cent of the total sales at the olde Hide House that evening.

A few tickets are still available at Acton Travel or from the members of the fund raising committee.

**EXECUTIVE NEWS**

On the executive front the AMHA is still waiting for final approval of the 500 Club lottery.

Hopefully the lottery will come through in time for the AMHA to release details in next week's column.

The AMHA is now in the process of arranging team photographs for Christmas and coaching staff will be advised of the arrangements.

**Out doors**

by Lorne Fletcher

A quiet hunt, or just a hike in the woods is a thing of the past on the southeast side of Acton. The constant clamor of the huge machinery of the aggregate (or in many cases aggravate) extraction business never stops.

It's beyond my imagination how the few homes in the valley on the Fourth Line put up with the increasing noise, plus the huge trucks and the drop in real estate values.

The great barren holes turn the landscape into an everlasting wilderness with only a sop to the public of any cover-up of the sordid landscape that is left behind.

With no concerted action from the citizens of Acton and the surrounding district, in all likelihood the great hills known locally as the Three Sisters will be next, with only the town's limits stopping the rape of our community.

An enterprising commercial poacher lost his gill nets last week when an early rising angler had his boat come to an abrupt stop on the Nottawasaga River at the Knox Rd. access just a mile from the beach.

The Ministry of Natural Resources was called in to deal with the great mess of nets and plenty of fish.

Hundreds of pounds of prime rainbow trout were discarded. What a waste of a great resource!

So far no arrests have been made in this incident and there isn't much hope of further action. Only concentrated efforts by anglers and the public will put a stop to this business.

The tip of the week for bow anglers is, the waters on the Lake Huron Side, such as the Sauble and Maitland Rivers, are producing well.

Have a good day.
