

Edmonton is this week's feature team after defeating Montreal 12-6 in Sunday's Legion Midget hockey action. Team members are coach Dale Billington, stickboy Derek Young, coach Tom Parker, Brian Critchon, Brent Carachi, Jeff Scott, Steve Parker, Allan Scott, Guy Bosse, George Coates, Rob Splinter, Paul Splinter, Tom Atherton and Chris Burrell.

An Edmonton player did a fine job of tripping up a Vancouver forward in recent Midget Legion hockey play. However, it was too bad for the Edmonton player as the referee was right on top of the illegal move.

Outdoors

by Lorne Fletcher

All the Ontario ice anglers are lamenting the lack of any winter to speak of and with summer weather in late December one has the feeling it will go on forever.

This can change very quickly. A fast drop in temperature coupled with no snow for insulation usually makes for plenty of ice in early January.

A glimpse of the 1985 fishing regulations that have arrived well ahead of time will give you an idea why the resort and motel operators in the Georgian Bay area are crying the blues about all the lost revenue that will accrue due to the late season openings. Virtually all of the best rainbow smagging water on the bay has been regulated.

The Ministry of Natural Resources have finally bit the bullet, listening to the input of many anglers that have, through the years, asked for later opening dates in prime spawning areas.

By the time the inland fishing opens on Colpoys, Bighead, Gleason Brook, Indian Brook, Indian River, Keefers and Maxwell Creek, the Pottawatomi and Sydenham Rivers plus Telfers Creek no spawners will be left for the slaughter.

These river systems, plus the tributaries, will be closed until May 31 and designated as fish sanctuaries. It will take three years of late season openings to make any dramatic changes to the Georgian Bay fishery. However, if the Ministry can withstand the politics and pressures from vested interests, great things should happen with this new law.

Have a happy Christmas.
