### Honor long service

Eight employees of Halton Hills Hydro with more than 25 years service were presented with watches at the Hydro Christmas party Friday evening. Seated are Dorson Frizal, 25 years, Ev Deforest 28 years, George Harrington 30 years, in rear, hydro commissioner Ab Tennant, Mayor Russ Miller, Bernie Dora 25 years, Ken Hodgson 25 years, hydro commissioner Murt Allison, Doug Tucker 27 years, Danny Edwards 26 years.

### Ticket sales in good hands

by Lois Fraser

Looking for a gift for someone who has everything? Chris and Maureen Walker may have the answer. They run the Globe box office at 877-4323 and tickets are on sale now for Globe's eleven night run of "Mame." With almost 3,000 tickets to sell, the Walkers have quite a responsibility.

It all began when Chris retired from Douglas Aircraft two years ago and agreed to run Globe's box office. He and his wife, Maureen, had been members of the original Globe group many years ago and joined the 1981 revival of Globe. With extra time on his hands and a keen sense of organization, Chris was the perfect person to handle the hundreds of requests for tickets.

The hardest part is balancing all the money, particularly since Globe offers group rates for 20 or more and special rates for seniors and students. Maureen and Chris also attend every rehearsal since many people order tickets through the cast. They also take an active role elsewhere in the group. Maureen designed all the hats used in Oklahoma, is secretary of the group and she and Chris are often found building or painting sets.

The Walkers came here from England 29 years ago and raised their sons, Geoffrey

and Philip, in Georgetown. When not at the Globe hotline, Maureen is the secretary at Joseph Gibbons School while Chris spends all the time he can on the golf course.

Tickets for "Mame" can be picked up from Chris at 50 Hewson Crescent. Call 877-4323 for details.

### LIGHTS DIFFER

There is a considerable difference between "indoor" and "outdoor" Christmas lights, the Ontario Safety League points out, and they are not interchangeable. For one thing, outdoor lights are designed to withstand extreme changes in weather and temperature and they tend to get hot. With both types check all wiring, sockets and plugs for fraying or cracks before using. If at all in doubt, toss old sets out.
