

# Radicals Volunteer, Will Drive Visiting Curlers

by Ralph Hawes

The deeper we become involved in this Provincial Curling bit the more intriguing it becomes. In consequence we become more curious. It was curiosity that prompted us to consult an accomplished curler. Very naturally the person that came to our mind was skip Harry Chappel, who along with Pat Chamberlain, Doug Ellis and Dunc Money Penny won the Ontario Championship last February.

We were wondering about this chauffeur deal which seems to be essential in Provincial and Dominion Bonspiels. Harry believes that for each rink to have a driver is a terrific advantage to the rink, it eliminates much tension and worry, for the curlers know their driver will have them there on time. Being local, he will know his way around. They become the drivers' wards for a few days.

## VOLUNTEER DRIVERS

There are various meanings to the word Radical. A person having radical views comes to the mind first, however, this is not so with the young men who make up the Radical Car Club of Georgetown.

Members of the Radical Car Club have volunteered their time to Branch 120 as drivers for the Provincial Curling Week.

The club has 25 members, 14

of them married, all over 21 years of age.

Two clubs were formed in 1961 and called themselves the Blue Aces and the Radical Car Club. They became one club in the same year retaining the name Radicals.

## GOOD KNOWLEDGE

Although they are basically a social club they are involved in community work, their main effort being transportation for the Senior Citizens Night, which is sponsored by the Rotary Club. Each year they can be seen in the Santa Claus parade.

Each member has a good knowledge of the mechanism of the modern day car, and with this they become chivalrous Knights of the Road with their aid to stalled motorists, for which they ask no retribution. Just a letter to the club acknowledging the assistance.

Fifteen members will be on hand during curling week, while the remainder of the members will be on call if needed.

Saturday saw the Branch president and 1st vice slaving over a hot cooking stove assisted by several members cooking up lashings of Chile-Con-Carne for zone bowlers who were in town. We understand 150 servings were handed through the hatch and not a bean was left in the bottom of the pots.

Brampton A team stole the

trophy from the local branch by five points, Brampton 3440, Georgetown 3441, Oakville 3356, high triple 826, high single 350.

Fifteen teams bowled, from Brampton, Milton, Cooksville, Bronte, Port Credit, Oakville, Erin and Georgetown.
