

Holly, Pine, Poinsettia Decorate Christmas Wedding

MR. AND MRS. WILLIAM KEITH MARSLAND

St. John's United Church was decorated in seasonal motif for the December 20 marriage of Lynda Jean Whitmee, daughter of Mr. and Mrs. Frank Whitmee, 18 Young Street and William Keith Marsland, son of Mr. and Mrs. Bruce Marsland, Cayuga. There were bouquets of white snapdragon and large mums with evergreen cones, pine and holly, candelabra with white candles decorated with holly, pine and red velvet ribbon, and guest pews were marked with pine cones and holly tied with red velvet bows.

Rev. Robert Scrivens officiated, assisted by Rev. Carl Moore, Hamilton. Mrs. Kathleen Schults played a medley of Christmas music during the signing of the register. Mr. Whitmee gave his daughter in marriage in a double ring ceremony.

GUELPH GENERAL GRAD

The bride, a graduate of Guelph General Hospital School of nursing, received her teaching certificate at University of Western Ontario and has been on the hospital teaching staff in Guelph. Her wedding gown of re-embroidered alencon lace and ligoda, had an empire bodice and lace choir boy sleeves, deep cuffs and A-Line skirt of silk ligoda with deep back pleats creating a slight fullness. A chapel train of silk organza was edged with a deep border of lace and flowed from the waistline. A delicate headpiece of satin buds and tiny flowers held a silk illusion chapel veil edged with silk embroidery. She carried a slender crescent of white poinsettia and pine.

The bride's sister Barbara was maid of honour. A classmate, Miss Marion McConnell, Toronto, and the bride's cousin Mrs. Donna Dolson, Brampton were bridesmaids. They wore floor length gowns with moss green velvet bodices and oyster wool crepe skirts. Satin trim around empire waists was fastened in a back bow. They wore headpieces of moss green velvet accented with small poinsettia and carried crescents of poinsettia and pine. Tara Paris, a flower girl wore floor length moss green velvet with long sleeves and slightly full skirt, a matching headpiece and carried a basket of pine, mistletoe and holly.

Jack Eagles, Markdale, the groom's cousin, was best man. Jim Pond, Jarvis, and Ted Brown, Limehouse, the bride's cousin were ushers.

TRAVEL TO VERMONT

Rev. John Smith, Whitby, a former St. John's minister, was master of ceremonies at a reception at North Halton Golf & Country Club. The bride's mother received, wearing a coat and dress ensemble of gold and dark green cymbidium orchids with ivy. The groom's mother wore a two-piece pink embossed wool knit, sapphire mink stole and a corsage of white and pink cymbidium orchids and stephanotis.

Guests attended from Peterborough, Guelph, Hespeler, Toronto, Hamilton, Cayuga, Simcoe, Nanticoke, Dunnville, Whitby, Muskoka, Streetsville, Brampton and the Georgetown district and included the groom's grandmother Mrs. Thornton Teeter of Markdale.

Travelling to Jeffersonville, Vermont for a skiing honeymoon, the bride wore an oyster wool crepe dress, coral red coat with ranch mink trim, fur hat, and a corsage of white sweetheart roses.

Mr. and Mrs. Marsland are living in Guelph. He is a graduate of McMaster University and is employed as a social worker in Hamilton with the Big Brother association.

WEDDING PARTY

Prior to the wedding a presentation was made to the couple by the groom's former staff at Dunnville, Children's Aid Society, and a dinner and presentation at the Guild Inn, Scarborough, by the bride's aunt, Mrs. William Stewart, Whitby.

A miscellaneous shower hosted by Miss Marion McConnell and Mrs. Hugh McDowell, Toronto, was held at the home of

Mrs. Lloyd Fisher, R. R. 3, and another at the home of Mrs. Gordon Garner at which Mrs. Edmond Faris was co-hostess. Mrs. Brian Yeates, Guelph, was hostess at a luncheon and kitchen shower. Mrs. William Meade, Nanticoke, had a miscellaneous shower.

After the rehearsal, the groom's parents entertained the wedding party at House Tannenhof.

Says Opponents Know Nothing About Dragstrips

87 Weber Drive,

Dear Sirs:
Having attracted opinions from some of the would-be opponents of the dragstrip by my first letter, I would like to reflect on the rather disappointing letters they wrote. To think that they themselves actually feel qualified to even speak on the subject of drag racing! Imagine, comparing a dragstrip to Mosport Park, or a dragster to a go-kart!

Let me set the record straight. People USED to camp over the weekend at Mosport because it was a weekend event, but drag racing is just a one-shot affair, like going to the movies; people just don't stay over, rather they come, watch, and go home.

A go-kart has a high pitched, continuous scream, since it is continually travelling round and round a track. A dragster has a low pitched intermittent roar, and, as any physics student knows, low pitched sound is easily absorbed. The pitch of the sound produced by an internal combustion engine is dependent on two main things, rpm and cubic pitch displacement. The small, high-revving go-kart engine meets the essential requirements for an irritat-

ing noise, the larger automobile engine does not.

I am truly amazed to see that here we have a few people writing letters to this newspaper and to Esquensing council, yet what are their credentials? What do they know about the sport? I suggest that they know absolutely nothing about it, and since they are not interested, they feel no one else should be. Who are they to think they have any Divine Right to even suggest that thousands of other people refrain from participating in such a pastime? How can Messrs. Bowman, Snider, and Taylor pre-judge something of which they have no knowledge?

Could you imagine the state of chaos if members of parliament in Ottawa followed such a practice?

A truly responsible elected representative of the people will do everything in his power to find out as much about an issue as he can, so as not to deny the democratic right of an individual, to start his own business in the hope of satisfying the needs of many others.

At this point I would like to extend an open invitation to the members of the Esquensing

Tax Change is Doom For Small Businesses

12 Uplands Court,

Dear Sir:
In a letter to the federal Minister of Finance, I have expressed the following views which I would appreciate including in your L.-old Mail Bag.

I object to the recent white paper on taxation. It is inflationary, dishonest and discriminatory. The government proposes to reduce the taxes paid by 'little man of 1969' in a budget which full effects will not be felt until 1976; with the knowledge that very few '1969 little men' will be around in 1976. They will all be '1976 little men.' They will also be paying more tax, dollar and percentage wise than they ever did before. Let's call a tax increase a tax increase.

The most recent Time magazine points out that in some cases, taxes paid in the USA will be half those paid in Canada. This includes the proposed tax increases for Canada and the proposed tax reductions for the USA. The 8 per cent currency penalty and the 20-30 per cent parity penalty is sufficient premium to pay to live in Georgetown, Ontario, Canada.

With regard to the Capital Gains portion of the white paper I wish to have the reasons for allowing a 50 per cent tax free gain on an investment of \$50,000, spread over a five year period. This money to be invested in housing.

The proposed changes to the taxation of small businesses may appear to be a good source of revenue for the government

me if they have any questions at all about the structure and organization of drag racing.

I have been attending drag meets for some eight years now, so I feel I can speak more objectively on the subject than the three aforementioned gentlemen. My experience gives me nothing but praise for the sport, and I congratulate Mr. Carl Bristow for undertaking this costly venture. Let me point out that I do not know Mr. Bristow, nor do I have any financial interest in the project, but I feel that it is an individual's constitutional right to provide a product or service for members of the general public, as long as it does not

The Government makes the tax rules.

Start using them and save some money.

You can save up to \$2,500 a year of your earned income, watch your money grow, and still have control of it.

The government says in effect "Plan now for your retirement, and we'll allow you to pay as much as \$2,500 into a registered retirement savings plan. And we won't tax you on it."

So you merely lower your taxable income by investing up to \$2,500 in our registered retirement savings plans.

You save on tax.
You can get your money out too.
And it's not dead. It grows.

For instance, suppose you had invested in our Equity Plan just seven years ago.

By now your money would have more than doubled. (If you're already in a plan and its growth rate can't compare with ours, come on over!)

We also offer you an alternative plan, which guarantees a rate of interest established at the first of March each year.

That's definitely not dead money.

When you withdraw it, of course, you have to pay taxes on it at that time. But this is exactly what's most important.

You pay tax on the money when you choose to pay it.

This has led some to call the plan a tax shelter.

One fellow we know paid into it for five years, watched it grow, then took the bundle out and used it to replace normal income while he lazed in Majorca for six months.

If you care to, you can leave it in till you retire for good.

Either way it's an excellent plan for you. It's especially valuable because we don't have a lot of salesmen out making calls, therefore you don't have to pay high sales commissions.

All you have to do is call us.
But don't put it off.
The deadline is the end of February. You can't declare any contributions for 1969 after this date.

Do it now.
Fight fire with fire.
Use the rules.
