

NOT SHOULDER TO SHOULDER, BUT BACK TO BACK

At the mouth of the Beaver River at Thornbury and other such popular spots on the first day of the trout season the anglers were shoulder to shoulder. On the Credit they're back to back. Here Lenny Sunnucks drowns a worm on the left side of a piece of high ground near the paper mill dam, while at right Bill Spence tries his luck. Holding up the one that didn't get away is little Alan Spence.

Jim Sword New President Of Georgetown Jaycees

A Georgetown Jaycee who has won the club's effective speaking contest for the last two years in a row, and chaired most of its major projects during the past three years has been elected president.

Jim Sword becomes the 10th president of the 65 members strong Georgetown Junior Chamber succeeding Peter Hughes. The election was Tuesday April 21 at Georgetown Golf & Country Club.

INTERNAL WEEK

Don Blek is first vice president, Wayne Laforet second vice president, Paul Atkinson, secretary, Brian Stewart treasurer and Trevor Stratton, Len Lovely, Jim Fobert and John Lenski directors.

The new Jaycee president said at the meeting that he intends to concentrate on strengthening the Jaycee position in town during his term through much more internal work.

Hawaii Film Shown To Beta Sigma Phi

On Tuesday, April 21, in the home of Mrs Evelyn Wilson on Roxway Drive, members of the Zeta Alpha chapter of Beta Sigma Phi took a trip to Hawaii in a film shown by Mrs. Edith McIntyre.

Mrs. McIntyre's program was

THE GEORGETOWN HERALD
THURSDAY, APRIL 30th, 1970
PAGE 15

centred around the word good. As this word can have such a host of interpretations, Mrs. McIntyre suggested that one small area of the word good might prove interesting — The Good Life.

The good life in itself can mean many things to many people. Mrs. McIntyre related that one facet that appealed to her was travel — to see more of the world and the people in it, particularly accompanied by a close friend or someone dear.

Mrs. McIntyre explained that the journey to Hawaii was experienced by two people who dreamed of it for many years, and finally in the prime of life to partake of The Good Life.

Preceding the program a brief business meeting was held during which plans for the Ritual of Jewels dinner was discussed.

Annual Set For Hillsburgh

District Women's Institutes Hold Successful Workshops

Halton District Women's Institute has held two very successful workshops this past month in the board room, Ontario Department of Agriculture and Food, Milton. Each one provided various Branch officers with an opportunity to learn more about their particular department and to meet new friends from other branches in the district.

A workshop for Branch secretary treasurers was conducted by district secretary-treasurer, Mrs. R. Alexander on March 23. This proved very informative and those who attended also exchanged many good ideas pertaining to their work.

On April 20, Mrs. Milton Parry, of the Home Economics branch, Toronto, provided a full day of instruction for a large group of women, most of whom were either Branch resolution conveners, or branch presidents. During the session they studied how to write and present a formal resolution and also how to plan worthwhile programs around suitable resolutions topics. Everyone who attended concurred in the hearty vote of thanks moved at the close by Halton District Resolutions convener, Miss Gladys Featherston.

The year's activities will conclude with the 60th Halton District Annual, which will be held May 20 at Hillcrest Unit.

Church, 7th Line Esqueping, with the Ashgrove branch as hostess. The meeting will begin with registration and will include reports of the activities of the 17 branches, business, election of officers, competitions and a variety program provided by the branches in the evening. Tickets for the meal are available from Branch District Directors.

GRANT DELAY COSTS TOWN \$5,300 MONTH

Council Main Street
The town is paying \$5,300 a month interest on borrowed money, which was used to finance the Main Street bridge, because they have not received the grants due them from the Board of Transport and the CNR, Road chairman W. Smith told council Monday night.

Rud Whiting MP has already been contacted and has promised to try to expedite matters. "The people should know it will cost over a mill of their money because these various groups have not paid their accounts," said Cr. Ern Hyde. The mayor will bring up the subject at the Ontario Mayors and Reeves Convention.
