

4-H Girls Show Skills Model Own Creations

The July meeting of the WI was held at the community centre Wednesday evening. Mrs. Jesse McEnery president welcomed members, guests and the girls from the 4-H Home-making clubs. The meeting opened with a poem by the president.

The roll call was answered by each giving a use for salt, vinegar and baking soda, other than cooking. After the reading of the minutes, the meeting was turned over to convener of home economics Mrs. Leo Jamieson. She also had an inspiring poem to start off the program. Mrs. Ada Kirkwood gave a splendid motto "One of the best things to have up your sleeve is a funny bone." Group 1 of the girls had set up an exhibit and Kathy French was the commentator. She pointed out the main points in hemming finishing seams and choosing fabrics for summer separates. Girls from both home-making clubs then put on a fashion show wearing the outfits that they had made themselves at the spring club. Heather Kirkwood introduced the girls in group 1 and Beryl McEnery for group 2. Mrs. Jamieson then introduced the guest speaker, Mrs. Bannister Home Economist for Peel and Halton.

She spoke about the upcoming training schools for fall. For the seniors it will be 'Accessories for the Home' but it would not be till March 1971. Mrs. Bannister announced Sheila Jamieson of Ballinafad was the delegate chosen to represent the girls conference at the University of Guelph this summer. She also mentioned there would be a girl chosen to represent the group at the CNE and the last week of August. This being picnic time the home economist warned that, milk, eggs, meat salad dressings and gravy should not be left out of the refrigerator longer than two hours before being eaten, otherwise in hot weather there was a danger of food poisoning. Mrs. Jamieson thanked Mrs.

Bannister for coming to give her talk. Mrs. McLean presented her with a small gift. Secretary then read a letter of interest to all. It was from a correspondent in South Africa, who is a member of the Country Women of the World. The program ended with all participating in a couple of games.

The committee in charge served a lovely lunch. When refreshments were over members returned upstairs for the business part of the meeting. There were several mothers present at the meeting also other visitors including a friend of Mrs. Bannister's who is home economist for the Ottawa district. There will be no meeting in August.

A large crowd gathered at the community centre on Sunday for the Sinclair reunion.

Mr. and Mrs. C. E. Forrester Barker of Dartford, Kent, England are enjoying a holiday with their daughter and son-in-law Mr. and Mrs. Bob Pinkerton.

The last Scouters' Council meeting for the year was held at the 4th Georgetown property at the 6th line, which took the form of a camp fire. Approximately twenty leaders attended from the district. The outdoor meeting was opened by the local District Commissioner, Norm Herbert, and then taken over by Gord Douglas who ran the small programme and sing song. Peter Bowman, Georgetown District Council treasurer, and his wife were special guests. The evening was topped off with buckets of Kentucky Fried Chicken and coffee. This winds up the Georgetown District Scouters' Council for the year. Activities will resume in September.

The First Ballinafad Scouts wound up their year with a week end camp held at Creditvale on June 19th, 20th and 21st. The boys enjoyed boating, fishing and woodlore. Scout Leader, Ernest McKim, will not be with the boys next year and we all know his leadership will be missed.

A good camp was enjoyed by 85 Scouts, 3 Venturers, and 14 Leaders at the Ponderosa at Blue Springs for the Annual Scout Camporee, June 26-27-28. Ever wonder how much fun can be had washing a car? If you were at the Delrex Sunoco Station Saturday, June 13 when the A and B Pack Cubs and the Scouts of 5th Georgetown held their 2nd annual car wash, you had ample opportunity to observe them in action.

success. One father was heard to comment that although they worked hard, they probably had more fun than the boys. There was much banter and joviality among the men and the customers.

The cars moved along on an assembly line basis. They were first hosed down, after which the boys literally attacked them with cloths and sponges. The cars were then wiped dry and polished for a real professional look.

Almost 80 cars moved along at a steady stream to keep everyone hopping.

Many of the customers found it convenient to leave their cars to be washed and parked for them while they did their shopping.

The proceeds of this endeavour will go towards the purchase of camping equipment.
