

THE DISTRICT AT A GLANCE

TEST ACTON GROUP FOR LUNG DISEASE
ACTON — This town has been chosen as the launching site for a new program of the Halton County Tuberculosis & Respiratory Disease Association. The new program is for the early detection of some chronic lung disorders such as bronchitis, asthma and emphysema. The test consists of taking one deep breath and blowing it in a machine.

CEMETERY DESECRATION WORK OF 'SICK MINDS'
NASSAGAWAYA — Councillor Alan Achman last week deplored the 'sick minds' that desecrated an historic cemetery in north Nassagaweya and smashed tombstones. He told council the vandals should be 'pursued with vigor' and proposed posting a reward.

BULLET HOLES IN SKELETON
ABERFOYLE — Investigation at the Forensic Science Laboratory in Toronto has revealed two bullet holes in the back of the skull of a human skeleton unearthed near Aberfoyle, October 2nd. They estimate it had been in its shallow grave up to 25 years. A teenager looking for firewood discovered the skeleton after noticing a shoe protruding from the ground.

ELORA GORGE NOT DOOMED
ELORA — Scenic Elora Gorge will not disappear under tons of water when the Grand River Conservation Authority gets the go ahead to construct a dam at West Mountrose. Rumours said that would happen. The 90 foot high dam planned for 6½ miles downstream from Elora will create a 1500 acre reservoir. Authority chairman says rumours that the Gorge will be filled to the brim are just not true.

RATEPAYERS PASS ON TAX PROTEST
CALEDON — Caledon Ratepayers last week declined to take a vote on whether they would join the Ontario Federation of Agriculture's provin-

cial tax protest. Though OFA president Jack Hale addressed the meeting few results came from his pitch. OFA favours all taxes based on income and not property. Several agreed how ever were not sufficiently convinced to take a vote.

1,000 ATTEND AIRPORT OPENING AT VICTORIA
VICTORIA — A ribbon cutting ceremony performed by Peel MPP William Davis assisted by some 20 original Brampton Flying Club members from 1945 formally opened the club's new airport at Victoria last week. An air show saluting '50 years of aviation' kept spectators entertained for 2½ hours.

SITE APPROVED FOR NEW PARK
OHELTENHAM: Chinguacousy Township will soon have a new recreation park. The township is in process of buying 250 acres of land at the Cheltenham Brick yard site. A recommendation passed last week proposed the park be called Eldorado Park, and that provincial approval be sought to make it eligible for grants.

WEAPONS MOVED FROM ARMOURY
OAKVILLE — All weapons and related equipment have been moved from Oakville's St. Thomas Street Armoury following a night of stepped up security precautions. Capt. Robert Goddard, commanding officer of Lorne Scots A Company, said the weapons have gone to a place with tighter security. The action was taken after what Capt. Goddard described as 'circumstances we do not believe was strictly a crank scare.'

THUMBS DOWN ON SENIOR SCHOOL
ORANGEVILLE — The Board of Education for Dufferin County has nixed attempts to establish a senior school in Orangeville. Education director Scott Roloff said the board has studied senior schools and found them "the most expensive way to educate, since large rooms and a more expensive plant is needed."
