

**OCTOBERFEST IN NOVEMBER**

This was what beer gardens are all about. Obviously enjoying the Bavarian Festival at the Riviera Friday night, are Lou Pankenin, left, and George Sandifer. The nite featured special Bavarian entertainment assembled by Andy Blauver, German dishes and decorations flown from Munich.

Bavarian males dance with some of the Bavarian dishes.

**Retain 1564 Acres  
As Halton Forest**

Although a vast majority of Halton County has been developed for residential and industrial use, a small portion is being retained in a natural state. A total of 1,564 acres have been set aside as Halton County Forests and this is divided into 14 tracts of land, all administered by the Dept. of Lands and Forests divisional office. Total land in Halton is 232,120 acres.

**TRACTS GROWING**

Hank Van Bers is the division manager and also the forestry manager for Halton and Wellington Counties and is responsible for the administration of the county forests. He explained that most of the forest tracts are located in the Nassagaweya Twp. around Brookville although tracts are also growing in the Hornby area and south of Acton.

**LONG RANGE PLAN**

"In years gone by, the emphasis was on the timber operation but this is swinging over to fish, wildlife, and recreation" he said.

"We have a long range plan for Halton which has been projected 50 to 60 years ahead.

**CONTROLLED CUTTING**

"Most of the tracts are forests now and certain ones, such as the Cox tract in Nassagaweya will be cut on a controlled basis for pulpwood. The Ontario Paper Company has the contract and hires their own men to come in and cut the wood.

"Our men will inspect the stand, selecting the trees to be cut and will tell OPC how many cords they can take out of an acre" he explained.

**LEFT STANDING**

Other forested areas are being cleared of undesirable species leaving white or red pine stands in their stead.

In order not to disturb the natural cycle some species are destroyed by 'girdling.' Mr. van Bers explained that his men will kill a tree but will let it stand for fear of leaving a large gap in the forest, which is not wanted.

Most of this land, when purchases were first made in 1930, was marginal agricultural land which would be better suited for forests, Mr. van Bers said.

**FIRE WATCH**

It was seeded with red and white pine and tended over a period of years.

Other forest production services, such as fire watch, are taken care of by local residents, usually farmers, who keep a close eye on the tracts year around.

Although there has not been a major forest fire in many years, these men are annually issued fire fighting equipment including a back pack sprayer and shovels.

Private woodlot owners are not left out of the Lands and Forests jurisdiction and provision for aid to them was made in the Woodlot Improvements Act.

Roughly 1,000 acres of private woodlots in the county are supervised by the department with the only expense to the owner being the purchase of insect spray, fencing and the seedling trees.

**See Apples Prepared in  
Tour of Glen Factory**

On Tuesday afternoon, Nov. 10th, thirty-two W.I. members met at the Apple Products in Glen Williams and were conducted on a tour where they saw the apples from big storage bins put on the conveyor belt which carries them to the machines which peel them. Then they are quartered and sliced and put in a solution before cooking. Then put into cans and pails to be used by the housewife.

It was all very interesting and worthwhile to see.

At three o'clock we left and went to the lovely new home of Mrs. Lloyd Davison for our Agriculture and Canadian Industries meeting. Before it started all were served an appetizing apple drink. The president Mrs. Percy Cox opened the meeting with the ode and creed. Secretary Mrs. Fred Nurse read last month's minutes and called the roll which was A Way to Serve Canadian Apples, and many delicious ways were given. Mrs. Cliff Hunter gave the highlights of the W.I. convention in Guelph she had attended in October. Mrs. Robert Alexander conducted a very interesting apple contest and meeting closed by singing O Canada after which the lunch committee served lunch of apple strudel and apple sauce cake.

The Friendship Unit of the U.C.W. met in the church on Thursday, Nov. 12 when thirty ladies gathered and sat down to a pot luck luncheon at twelve thirty. Everyone enjoyed salads, meat dishes and casseroles followed by tantalizing desserts and no one cared about weight problems. At two o'clock all went up to the fellowship room for the meeting. Leader Mrs. James Carney read a short poem on hope for the task.

Worship was in charge of Mrs. Arthur Ruddle on Hospitality and said it is a symbol of an open door where a friend or stranger is made welcome. Mrs. James McPhail read scripture reading from second chapter of Kings which told of a woman and her hospitality to her preacher.

Secretary Mrs. George Wilson read last month's minutes, a piano solo, Strauss Waltz so beautifully played by Mrs. M. McLaughlin, duet sung by Mrs. Ward Brownridge and Mrs. John McNabb, Church in the Wilderness and Blue Galilee followed by Mrs. Stan Kruger who showed lovely coloured pictures of their trip to Athens in Greece an old city yet sparkling clean and a few photos of Paris. Mrs. Vern Pickett thanked the entertainers and also Mrs. Ford Wickson and Mrs. Bruce McClure for arranging the luncheon. Prayer closed the afternoon.

Meeting six of the Ashgrove Nifty Needlers was held Saturday November 7 in Hillcrest United church. The meeting was

opened with the 4-H pledge and the secretary's report followed. Sixteen members answered the roll call, Places the Fly and Roman stitches could be used.

Grace Bird discussed how the covers were to look on the record books and time was spent painting the letters. The skit for Achievement Day was also discussed by a few members, the leaders taught the crows stitch and everyone spent time doing it. The meeting closed with O Canada and lunch was served by Marlene Hume and Sally Griffiths.

— Mrs. J. Bellbuddy

**BRIDGE CLUB**

Mrs. Kay Campbell and Bob Dickson were north-south winners last week at the Georgetown duplicate bridge club with Harry Arbie, Ivan Harris and Mr. and Mrs. Clayton Barbour tied for first place east-west. There were fifteen tables playing the regular game with two tables in the inter-club contest. Georgetown suffered their first loss in this competition, losing to the Brantford team.

Other north-south winners were Mrs. Lillian Lawrence and W. Hamilton second, S. Heller, Lorry Lawson third, Joe Maurer and Fred Allen 4th, and Betty Ashley and Art Norris 5th. East-West third, Mrs. Flora Smith and Mrs. Peggy Stevens, Mrs. Anne Pritchard and Mrs. Jean Thompson 4th; Mrs. E. Tyndal and Mrs. Sarah Edwards 5th.

**When Canadian Pacific drove the last spike  
in the transcontinental line,  
we had just turned 21.**

The transcontinental line was completed on November 7, 1885.

We go back to March 18th, 1864.  
Before Canada was even Canada.

On that day, in the town of London, Ontario, 25 pioneer businessmen gathered together in the room above MacFie's Store and founded what is now Canada Trust.

Soon they had opened our very first office just behind that store.

Now that small brick building behind MacFie's Store is gone. So is MacFie's Store.

Our 25 founders have long since passed away.  
But the original idea born at that early meeting still lives on in our present company philosophy:

"To bring the maximum amount of energy and intelligence to bear on the project in order to most effectively serve the client."

It's simple, true.

But it works.

Now, with over a century of experience behind us, we're one of Canada's largest trust companies with more branches coast to coast than anyone else.

And our philosophy of service has made it all possible.

Service.

Service for every financial need.

You get it the minute you walk in our door or dial our phone.

So call or come in as soon as you can.
