Power Failures, School Cancelled,

Ice Storm

Mr. Clayton Allen allended the funeral of his cousin, Mrs. Brimblecomb of Drayton in Guelph last week. She has been in a nursing home in Kitchener; for some time but when she was able was a frequent visitor with the Allens, He met cousing there from the states whom he hasn't seen since they were all young men together which is i over 50 years.

So many of our young readers are home sick with chicken pox and the flu. To all we wish speedy recovery and back to school. Even those who are well had an enforced holiday last week because of the ice storm. That ice storm caused a great deal of inconvenience but, to our knowledge, no serious accidents here. The hydro being off, was one inconvenience. It was off at various places in and around the village at different lengths of time -- the longest being from 5:55 a.m. till 3:30 p.m. in the tenth line area which meant one farmer doing his morning milking in the late afternoon. Except at a time like this we don't realize how much we depend on hydro.

Get well wishes are sent to Bruce who is in a Galt hospital.

We extend birthday greetingto Mrs. S. Klingbeil who has a birthday on February 16-93rd I believe.

KIKI WORK PARTY

Mrs. John Hooper's mother, Mrs. Deputy Commissioner for Georgetown Scout District, Gordon Douglas, has Scouter Terry Colter and Bob Barber for an audience as he uses a power saw during a work session at Blue Springs. Leaders from Georgetown District are laying a floor at the Kiki, once the main lodge at the Blue Springs Scout Reserve, about ten miles west of here.

Some Changes Coming THURSDAY, FEB. 18th, 1971

Readers will soon be seeing a 'new look' in the Herald

A change in printing process will be more a few weeks val Shea, Ken Ewen, Russell from now. The new 'offset' printing, common with many other weekly newspapers, will give much clearer reproduction. particularly in news pictures and advertising illustrations

Preparation of the newspaper will still be made at the Herald office, but the actual printing is being trunsferred from Brampton to Orangeville, where the latest in offset equipment has been installed.

A radical change in news and advertise 2 dead tree is necessary and we must now adhere to the following
