NORVAL
Eye Stitched Shut To Save Lad's Sight
 Ten year old Glenn Goodfellow, son of Mr. and Mrs. Russell Goodfellow, R. R. 1, Norval had one of his eyes stitched shut at Brampton Hospital on March 3. The surgery was done to help save the sight of the eye. Closing the eye this way will keep the light out and the moisture in.
 Glenn has Bell's Palsy. He woke up the day after New Years with one side of his face paralyzed and since then has had many trips back and forth to the doctors and the hospital. He had 27 trips to the doctor during the month of January. The teachers and secretary of Pineview School were very kind to Glenn on the days he could attend as it was necessary for them to carry on with the drops in his eye at regular intervals. Glenn's mother delivers the rural mail for the Norval post office. She is grateful to her neighbours, Mr. and Mrs. Harold Neuman, who helped her out by taking over the mail route many times when it was necessary for her to take Glenn to the doctor. It will take about 6 months for the paralysis to clear.
