There are two types of licauthorizing a single event, or authorizing a series of events such as weekly bingos.

A municipal council may. where it feels necessary for the best interests of the community, issue a license authorizing any charitable or religious organization to conduct and manage a bingo or raffle lottery where the proceeds from the lottery are used for a charitable or religious object or purpose in Ontario, and in the case of a lottery scheme conducted by a group the amount or value of the prize money does not exceed \$100 and the money or value of a chance or ticket on the prize does not exceed 50 cents.

Council will not however, issue licenses to private clubs or on ho key pools and football games, where the private group itself would benefit from the money collected. Restrictions are also placed on lottery schemes where the total value of prizes would exceed \$3,500, where the pyramiding of games is to be permitted, or games of the type known as razzle dazzle or dice games are to be operated.

The license must, specify where each bingo lottery is to be held, the date or dates of the operation and the starting and finishing times.

Not later than 30 days after tery, the total cost of prizes year period. awarded, and itemized list of A member of the Safety Coun-

ated for charitable or religious purposes as set for in the application form.

Each raffle lottery must also have a license, winner or winners shall be determined and publicized in the manner set out in the application: and the organization conducting the lettery shall indicate on the face of tickets the name and address of the organization, the location the date, the time at which the draw is to be held, the number and nature of the prizes to be awarded, the number of the ticket, and the name of the printer. The organization must also provide for consecutive numbering of tickets, retain all unsold tickets and counterfoils of sold tickets for a period of 90 days from the date of the draw and indicate in its application the number of tickets to be printed for sale.

A municipal council may suspend or cancel a licenso for the breach of any term or condition.
