

GEORGETOWN SUPERINTENDENT SINGLED FOR SAFETY

Nick Yahlro, 58 McGillivray Crescent (kneeling second from left) was singled out as the building superintendent with the lowest frequency rate of accidents on Wimpey Construction sites under his jurisdiction at their company's recent annual safety dinner and awards night in the Constellation Room of the Constellation Hotel. His category was Under 15,000 Man Hours. Guest speaker J. W. P. Draper, Director of Safety Education, Workman's Compensation Board, delivered a hard-hitting address aimed at the seriousness of accident injuries throughout the construction industry. He presented some staggering figures on the cost of Workman's Compensation paid out annually. He stated that Wimpey Construction had achieved a fine plateau through their own safety efforts and commended John Elder, the company's safety supervisor.

Speaks To Arts-Crafts Group —

Student Plans Career In Pottery, Painting

Mrs. R. H. Stevens, 'Smiknik' R. R. 5, Georgetown, was the hostess for the regular meeting of the Arts and Crafts of Georgetown on Thursday, May 20. The president, Mrs. T. E. Beer, presided. The minutes were read by the secretary, Mrs. G. Ironside, and the treasurer, Mrs. C. Brandford, gave her report. Among the correspondence read by the corresponding secretary, Mrs. C. R. Fogal, was a letter of appreciation from Sheridan College for the co-operation received from the Arts & Crafts in the survey of community arts and crafts in Halton and Peel counties.

well as with pottery, fascinated his audience as he described each example of his art, — a tea caddy, a platter, large wedge and branch vases, bowls. He suggested that the kiln does not need to be an expensive one, a garbage pail will do! For one of his unusual pots, the kiln was dug in the backyard and the fire made with straw and sticks. This was the way the Iroquois fired their pottery.

WHEELS AND KILNS
Steven then showed slides to illustrate different kinds of wheels and kilns, and the work of one or two American potters

and several Canadians. One of the slides showed ten pots made by his mother, Barbara Irvine, who has inspired Steven with his keenness for the craft.

Non-functional items and unusual glazes have special appeal for him. In her words of appreciation, Mrs. A. M. Nielsen said that all members would be following the career of this young artist with great interest.

Mrs. E. Lidbury expressed the thanks of the Arts & Crafts to Mrs. Stevens and her tea assistants, Mrs. L. Clark, Mrs. R. Corbett, Mrs. A.M. Nielsen, Mrs. C. Renwick, and the social convener, Mrs. G. L. Smith.

LIMEHOUSE

Social Evening, Dance Marks Silver Wedding

A very pleasant social evening and dance was held in the Acton Music Centre on May 25 when Mr. and Mrs. F. J. Brown and family entertained on the occasion of Doris and Ted's silver wedding anniversary. The Limehouse W.A. catered for a delicious lunch. All joined hands for "Auld Lunge Syno" at the close.

Mr. and Mrs. Walter Noble, Kevin and Mark of Hamilton, visited the James Nobles on Sunday.

The W. I. held a short business meeting in Limehouse Memorial Hall on Thursday evening. Mesdames Kirkpatrick, Anderson and Benton as delegates and Mesdames Noble, Frank Brown, Booth and Ellerby of Limehouse W. I. attended the 70th Halton District annual meeting in Knox Presbyterian Church, Acton on Wednesday.

Communion services will be observed at Limehouse Presbyterian Church next Sunday, June 6 at 9:45 a.m.

Mr. and Mrs. Bill Henry and Tanya of Midland visited the Patterson's a week ago.

Mr. and Mrs. F. J. Brown, Miss Mary Lou and Mr. Ted Brown, Mr. and Mrs. Wm. Karn, Miss Diane Bonnette and Mr. Ray Denny were all guests at the Johnston-Bloor wedding in Dixie Anglican Church and the reception at the Georgetown Golf and Country Club last Saturday.

We regret that Mr. Sam Gibby is in Sunnybrook Hospital for treatment.

Mr. Joe Ross has spent several weeks under treatment in hospital in Georgetown. We hope for improvement for both soon.

Sheep Rustlers Operating in R. R. 5 Area

Ontario Provincial Police from North Halton Detachment are investigating the disappearance of two sheep from an Esqueping Township farm last week.

Police suspect the two animals, each valued at \$80, have been rustled from the R. R. 5, Georgetown farm of Sydney Adema.

Hulls Family Gathers For Annual Reunion

It was perfect weather for the annual get together for the reunion of the Hulls' family. Over 60 met at the community centre. There were families present from Leamington, London, St. Catharines, Bayfield, Georgetown, Acton and Erin. There was a program of games and races for the children. Around 5 o'clock all sat down to a delicious meal. There were 3 new additions to the gathering this year. The youngest being 6 month old Aaron Douglas of St. Catharines.

Mr. and Mrs. Ernest McEnery returned home on Friday after a most enjoyable 8 days spent in Alberta. They visited with their son and daughter-in-law. Places toured were Edmonton, Calgary, Banff and Jasper.

The ladies of the church catered to a couples club of Weston on Saturday night in the church basement. After the banquet the club went to the community centre for a short programme.

Mark Shortill, with seven other boys in his class went camping, along with two of their teachers at Lake Simcoe over the weekend.

Mr. and Mrs. Keir spent a weekend recently at Montreal. Mrs. Keir's mother is on an extended visit to Canada from Scotland, at present she is spending some time with her daughter and son-in-law in Montreal. The Keirs are expecting she will spend some time here with them before she returns home.

Mr. and Mrs. Ernest McEnery were at Eden Mills on Sunday. They attended anniversary services at Eden Mills Presbyterian Church and afterwards they visited with Mr. and Mrs. Blanklock.

Open Till 5 p.m. Monday to Saturday — Friday to 9 to End of June

How much heating should your home heating system do?

A heating system should provide reliable heat when it's required, there's no disputing that. But more than that, a modern system should provide Total Comfort. And that means fresh air, cool air, the proper humidity and cleanliness.

You can add all these features when your basic system is Natural Gas forced air heating.

For instance, you already have the ductwork that's required to carry conditioned air to every part of your home... so a Natural Gas air conditioning unit can be installed quickly and economically. Then your heating system becomes part of your summertime comfort, too.

Then there's the case for the electronic air filter which can be added to your heating system. This device removes tiny particles of dust from the circulating air, constantly cleaning and filtering it. Housewives using the air cleaner have found that dusting and cleaning was reduced by more than 50%.

Next, let's talk about proper humidity control. There's a case here for more than comfort, because proper humidity can benefit your health. Breathing is far easier, and some forms of respiratory tract conditions can be prevented. Again, having a Natural Gas heating system makes it easy for you to install a highly efficient humidity control unit.

And while we're on the subject of clean air, keep in mind that as you burn Natural Gas you're doing your part to help control air pollution. Because Natural Gas burns clean, burns completely.

Talk to United Gas or your Natural Gas heating contractor for the total story on total comfort. He'll make sure you're getting the most from your heating system... more than just heat.

Natural Gas. Clean up to the sky.

WAREHOUSE

\$50. You could qualify for a gas credit of **\$50.**

\$50. You may also qualify for an additional **\$50.**

on the purchase of natural gas heating equipment.

If you are not already using natural gas for home heating but are a residential customer of United Gas or, your home has an inactive gas service or, your home is adjacent to an existing gas main that has been installed on that street for a period of over one year as of April 1, 1971, you'll receive a credit of \$50.00 to your gas account if you install natural gas heating equipment, with an input of 50,000 BTU's or greater. You'll receive an additional credit of \$50.00 if you purchase or rent and install, an automatic gas water heater at the same time as the heating equipment. All the gas equipment installed must replace "other fuel" equipment.

If you purchase or rent a gas water heater at the same time.

UNITED GAS

This offer is valid from April 1, 1971 to and including September 30, 1971. Call your department store, natural gas heating contractor or United Gas.
