

# IT'S GET AWAY TIME FOR FRISKY CUBS

Fresh and eager are these 33 Cubs at the start of the Rattlesnake Point hike. First and second year Cubs took part in the hike highlighted by a good look at seven buffalo in the conservation area.

Yes, Cubs still start fires by rubbing two pieces of wood together. This is Ron Frost of Norval showing how it's done at the Cedar Glen camp.

It's one thing to get into a canoe but something else again to stay in it. Scotch Block's Bill Schreiber gives camping cubs a lesson.

First and second year Georgetown District Cubs and leaders still manage smiles after climbing around the rocky Niagara Escarpment during a May 9 hike.

Fifty-two Cubs and 22 leaders were at the Georgetown District camp at Cedar Glen, near Bolton, earlier this month. Here leader Margaret Owen crosses a stream via a rope during one of the demonstrations.

That's Kelso Lake in the distance beyond part of a party of Georgetown District Cubs resting during a May 9 hike in the Rattlesnake Point area.

## Branch 120 Donates \$100. Toward Glen War Memorial

by Ralph Hawes

A little over 10% membership were on hand last Thursday at the branch general meeting which proved to be lively and interesting.

One subject which was discussed most thoroughly, was the method of electing the executive. The membership complied with a motion on the floor, that 51% of votes must be obtained by a candidate before he can be declared elected.

It was disclosed that Ontario provincial command has some

resolutions on the books which will be presented to the delegates at the Waterloo convention April 30 to June 4. These resolutions are intended to bring about better and closer co-operation between auxiliaries and branches. We believe this will not effect Branch 120 where the two organizations operate in perfect harmony.

**DRAUGHT BEER SOON**  
Over the years many members have advocated that draught should be made available at the branch, and over the

years many executives have looked into this situation and have continually come up with the same answers, too expensive to install and not enough room. Now it appears with the modifications used by the manufacturers of the equipment it can be installed in the branch at a reasonable price without taking up too much space. The executive received the green light to go ahead. Those who prefer draught will have it in the near future.

**CORNER STONES**  
It was made known by com-

rade Harry Savings that Mr. Gordon Strange of the Milton Monument Company had donated four corner stones for the Legion lot in Greenwood Cemetery.

The stones are inscribed with the words "Branch 120."

**JULY 1 FIREWORKS**  
Prior to the above meeting the executive met with Mayor Smith to discuss what to do with the fireworks that did not work on the 24th of May. After much discussion it was decided that July 1st would be an appropriate time to have the display.

It is hoped by the firework committee that perhaps a Sports Day can be arranged to precede the firework display. Co-operation will be sought from Georgetown Public Schools.

**NOMINATED FOR OFFICE**  
Before the nomination of candidates for the incoming executive committee, membership chairman Bruce Collins let it be known that members who are not paid up may not stand for office and will be unable to vote at the election on Sunday, June 6. Doubtlessly Bruce will see to it that membership cards will be examined on June 6.

Those nominated for the new executive were for president: N. Ward, B. Collins; 1st vice president: R. Stephens, G. King, H. Arnold, P. Chamberlain, B. Collins, H. Badham; 2nd vice president: R. Dumper, P. Chamberlain, B. Collins, E. Cooper, M. Eland, J. Ferguson, R. Timpson, G. King, H. Bad-

ham.  
For executive members, four to be elected, H. Badham, L. Cross, L. Schofield, R. Dumper, L. Boyd, C. McLeod, H. Russell, R. Timpson, P. Chamberlain, M. Eland, F. Nicholson, G. Reid, G. King, R. Hawes, B. Hill, H. Arnold, R. Waites, J. Murphy, B. Collins, D. Wright, H. Atkinson.

**HELP BUILD CAIRN**  
At the last executive meeting a motion was passed to donate \$100 toward the erection of Glen Williams' memorial to the Armed Forces of the 1914-1918 1939-1945 wars and the Korean conflict.

Joe intended to give away spareribs last Friday, but owing to popular demand he handed out steaks to H. Cumpsty, M. Moriarity, J. Louth, R. Stephens, W. Hamilton, H. Dumper, R. Richard, and T. Cooper.

Car Club winners were L. Cross, K. Nash, R. Hamilton, E. Alcott and G. Collier.

Saturday night bingo went to B. Kay, M. Lorusso, G. Telford, A. Coupland, B. Bastedo.

## Three Major Stores Will Locate, Bramalea Centre

Plans for a \$100 million commercial shopping city centre complex designed to serve as a major regional centre for the Bramalea area, were announced by Bramalea Consolidated Developments Ltd. last week.

The plans announced are for the second stage of the development. Some stores and office buildings have already been constructed and work is well under way on the Eaton's department store which will anchor one end of the complex and will be open this fall.

The complex, jointly announced with the Chinguacousy Municipal Complex, will be south of Highway 7 between Dixie and Bramalea Roads.

SPRING OF '73

Arthur S. Armstrong, executive vice president of Bramalea Consolidated, said when the city centre is completed in the spring of 1973 it will be Canada's first three department store shopping centre and with a total of more than 700,000 square feet of retail space it will also include approximately 80 other retail stores as well as a dual movie theatre, a large health spa and public recreation facilities such as tennis courts, and an indoor golf centre.

First phase of the project, now completed includes 12 stores and service shops as well as professional offices occupying about 75,000 square feet as well as a 25,000 square foot office building.

Two levels

The east end of the second phase of the complex will be anchored by an 80,000 square foot Miracle Mart, a 20,000 sq. foot Miracle Food Mart and a third major department store of 120,000 square feet, as yet unnamed.

Linking the two ends will be a 300,000 square foot two level climate-controlled mall which will be connected to the Chinguacousy municipal complex at the east end of the centre by a covered walkway.

Construction of the shopping centre is expected to cost approximately \$20 million, with completion of the first phase of the mall slated for next July.

CONVENTION HOTEL

Other developments planned for the city centre include a 250 room convention hotel, a 93,000

square foot office building, a medical and out-patient clinic, and approximately 3,400 apartment suites.

Allan Eaton, vice president of T. Eaton Co., said his company has been waiting until the area met the criteria of population and growth potential before becoming involved. He said the city centre should become the main centre in the area, drawing people not only from Bramalea and the township but also from Brampton.

Bramalea has a population of about 30,000 people at present, and is expected to increase to over 50,000 in the near future. The market for the shopping centre at present totals more than 100,000 persons.

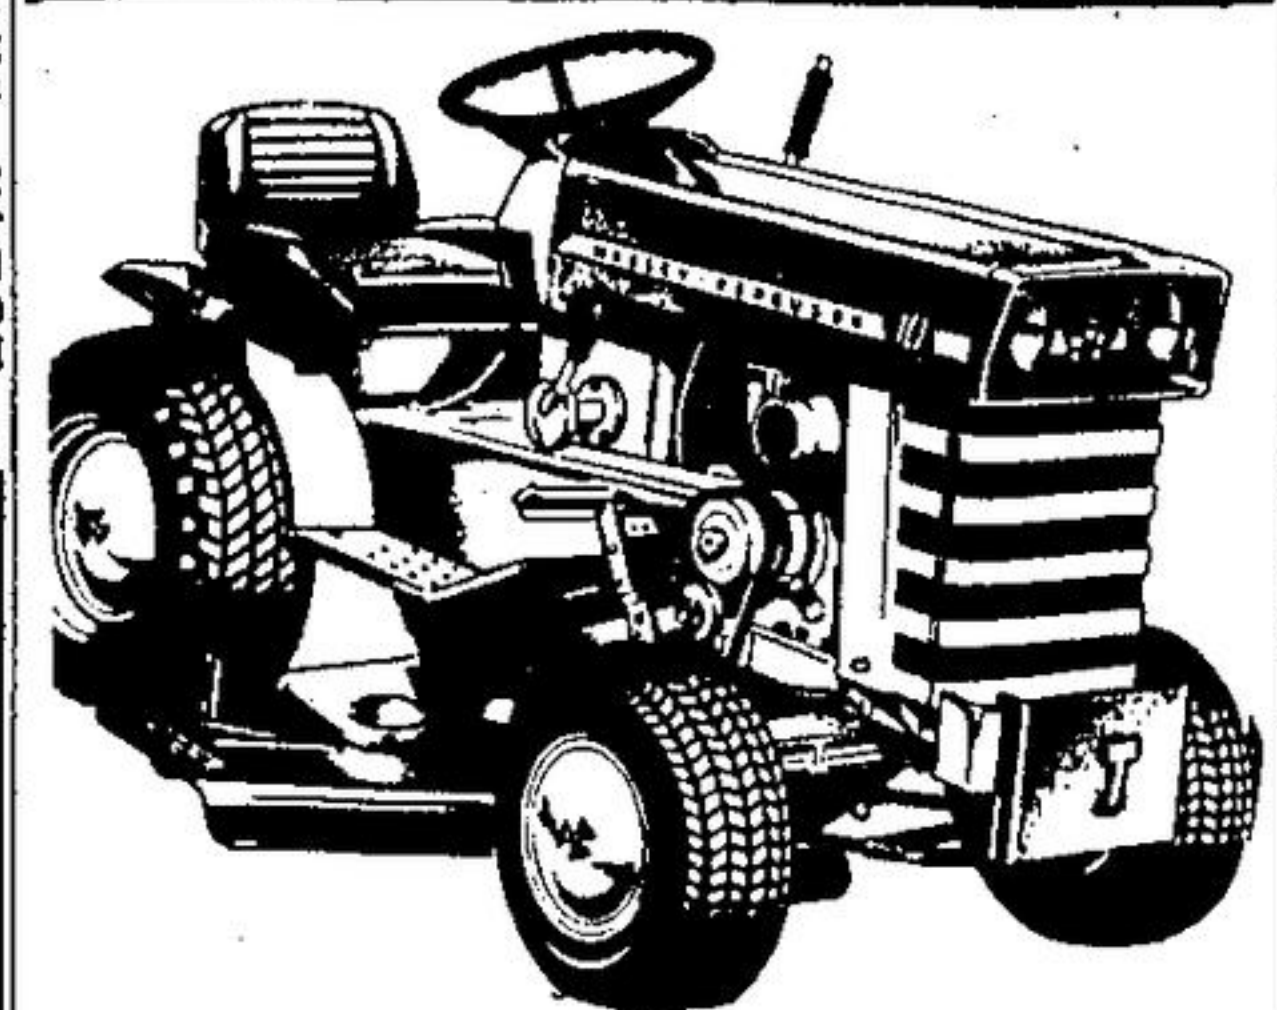

Mr. Armstrong said building permits have been obtained for the entire complex which will have a total value of over \$100 million when all the planned construction is complete.
