

41 Gross Takes First Place At Opening of Golf Season

A nine hole total of 41 carded by Harry Sanderson and Aura Turner was good enough to capture the first low gross honours at North Halton Golf and Country Club's mixed opening tournament, Saturday.

Low gross went to Gloria Sinclair and Bill Diduck with a 42.

Stu Young and Alice Zarn were the low net twosome with 32, one stroke better than Vera Schenk and Bud Monckton.

Fifty golfers took part in the mixed opening day competition which was followed by presentations of 15 prizes at a dinner afterwards. A dance rounded out the day.

The winners received gift certificates.

A ladies' section competition June 1 saw Dorothy Young take first low gross, Marilyn Worrall second low gross and Millie Duteburn third.

Edith McIntyre had the fewest putts of the 13 holes players.

Fran Balnes had the best nine hole round, and Ann Mcal had low putts for nine holes.

Low qualifier was Marilyn Worrall.

Bruce Norton, Betty Scott, Jack Zarn, Dorothy Young and Kyll Gollinski obviously enjoy Ron Turner's style on the tee. They took part in North Halton Golf & Country Club's mixed opening tournament Saturday.

"Never Intended Courts For Private Club" Sykes

Cr. Ernie Sykes told council at the committee meeting Thursday night he was getting a lot of feedback about the tennis club. "It was never the Lions Club intention to provide tennis courts for a private club," he remarked. "A public court operated by a private club is not right," he added.

Cr. Donna Denison pointed out the club is operated under the jurisdiction of the Recreation Committee. "The fees are kept low, only \$3 a year so anyone can join," she stated. She claimed without the club a caretaker would be necessary which would up the cost to the town.

PRIVATE CLUB

"That's all very well, but it's still a private club and it's not right to have a private club on public property" retorted Cr. Sykes.

"What's the difference between baseball and hockey. You join a club and play there too" said Cr. Phil Siddall. "It's less why not call it Community Tennis Association and pay \$3 membership," suggested Cr. Joan Smith.

BUILT FOR PUBLIC

"If it's a matter of paying" commented Cr. Ernie Hyde, "Let them charge 15c or 25c an hour, and hire an attendant."

"The Lions Club built it for the public" insisted Cr. Sykes, "and not be run by a group of citizens for the benefit of just those citizens. It is only open to the public one day a week."

Cr. Sykes is going to the Recreation Committee to discuss it with them.

Discuss Program to Prune,

the water table, and weakening the trees.

"It is most important to get the people behind you in the drive to save the trees. Ask them to water and fertilize the town trees in front of their homes" urged the consultant. He pointed out the programme could be done over a period of years to cut down the cost.

SUMMER SURVEY

Scott estimated the life of a maple tree at between 200 and 300 years if looked after properly.

In reply to a question from Cr. Ernie Hyde he said it would cost \$7 per tree per year for spraying. "You can bring a tree back to health with watering and a little attention" he emphasized.

He told council the survey would be done in summer, but the pruning in winter.

NO MONEY

Cr. Donna Denison said, later in the evening, she felt they would receive a general report which would cost a lot of money. "What we need is someone to say this tree needs cutting, and this tree can be saved." She emphasized there is no money left in the tree budget.

She told council she had written to the University of Toronto School of Horticulture, and the School of Horticulture in Niagara Falls and suggested both Waterloo and Guelph Universities should be contacted, with the idea of making the town trees a student project.

WHY NOT

Cr. Ernie Sykes questioned this and asked why not Scott's firm. "We can get all the information we need for \$150 a day" he remarked.

Cr. Phil Siddall disagreed, contending a survey gets nothing done. "If branches need to be cut off, we should hire someone to do it, we don't have to have survey."

Deputy reeve Art Speight suggested the decision be held up for a couple of weeks, until Waterloo and Guelph universities are contacted, and the Department of Lands & Forests.

"We'll just have to get the public behind us and see if we can raise the money to save the trees," said Cr. Joan Smith.
