Georgetown Grows In The Summertime

Swimming pools are becoming the popular backyard entertainment in town. During May, 16 permits were issued for pools, while 25 have been issued so far this year. The average cost of a pool being installed in town is \$2,060.

A \$225,000 permit for the new Canadian Tire store, a \$110,000 permit for an addition to Curwood Packaging, and \$125,000 for

the canning factory at Meadow Glen Growers helped boost the non-residential figures. Only two permits for houses were issued this month, the lowest figure for some time.

The total for the month of May amounted to \$540,349, while the total for the whole year to date is \$3,544,168.

AND TOWNSHIP
Building permits amounting to

\$408,824 were issued in Esqueping during May, according to building inspector Tom McLean.

With two exceptions the permits were for residences or barns.

A refreshment booth at the Toronto International Dragway was listed at \$1,500 and washrooms, dressing rooms, sauna and showers at the Riviera, Norval, listed at \$45,000.

NORVAL

Honour Church Session Clerk Served Congregation 32 Years

Albert Hunter was honoured at Norval Presbyterian Church worship service on Sunday June 20th. He was presented with a desk set and plaque in recognition of 31 1/2 years of faithful service as clerk of the session by Tom McGee on behalf of the session and congregation. Mrs. Howard Smith presented Mrs. Hunter with a dozen carnations in recognition of her many years of assistance to her husband and her faithfulness to the church.

June 5th.

Miss Gayle Lyons, maid of honour, was hostess at her home, Norval, at a personal shower with the guests high school friends.

... The Norval Girl Guides held their weekend camp from June 11 to 13th at Pinevalley Farm and like every year they came home tired and happy. They enjoyed hiking, swim-

ming, outdoor cooking and learning camp skills. The highlight of the weekend was Saturday night's campfire when Art Sweetie and George Mann built a huge campfire and conducted some activities around it. Another special event was when the Guides dedicated a song to their Guiders who are leaving and presented them with beautiful hand painted serving trays. Two Guides, Marianne

Robinson and Debbie Frost were presented with World Pins as a memento of Guiding as they have reached the age of 14 and will not be returning to Guides. The Guides and their leaders appreciate the use of the campsite owned by Bob Crawford for their weekend camping again this year.

... St. Paul's Anglican Church Sunday School picnic was held at

Terra Cotta Conservation Area on Sunday June 13 following the worship service and Sunday school. An afternoon of races and sports was enjoyed following the noon lunch.

... Congratulations to Robbie Murray and Sandra Waites who were married in Norval United Church on Friday evening June 18th. They will reside in Port Hawkesbury, Nova Scotia.

Brenda Laidlaw, daughter of Mr. & Mrs. Lloyd Laidlaw, was honoured with several showers previous to her recent marriage to Larry Kistner.

Mrs. Chester Moore, Brampton, was hostess at a miscellaneous shower on April 23th with most of the guests aunts of the bride.

A miscellaneous shower was held by the U.C.W. in Norval United Church on May 4th.

Mrs. Roy Laidlaw, Norval, was hostess to cousins and neighbours of the bride at a miscellaneous shower on May 28th.

On May 30th Mrs. Milford Fenwick and Mrs. Donald Ismond held an afternoon luncheon and miscellaneous shower for Brenda at Mrs. Fenwick's home, Brampton.

Mrs. James Laidlaw, grandmother of the bride, held a noon luncheon and shower for the older relatives and neighbours on

Don't Simmer, This Summer!

GE AIR CONDITION

BRING OUTDOOR FRESHNESS, INDOORS

With Unique G. E. Air Wash Filtering System

You'll enjoy fresh summer comfort with air that is not only cooled, but treated and then put through General Electric's unique "AIR-WASH". First the air is drawn through a highly effective, reusable foam filter that can be easily removed for cleaning - either vacuumed or washed. Air passes through this filter, to reduce the larger airborne particles. The air then passes through General Electric's unique Spine-Fin cooling coil where it receives a final "wash". The many thousands of inter-meshed spines, which are covered with water (because of the cooling and dehumidification process) give a final and effective cleaning action to the air, making it possible for you to enjoy the utmost in comfort.
