

It's a Beehive at Morning Workshops

Hilary Catling works on a wall hanging.

Muriel King transforms Pop-stick sticks into a flower basket during crafts.

Exercises are part of the morning program.

The vacation Bible School held in the Christian School on the 7th line last week drew 132 children to its morning workshops.

The vacation school, sponsored by the Evangelical Committee of the Christian Reformed Church, offered a wide range of programmes to children from four to 12.

The students, divided into six groups roughly by ages, cut, paint, decorate, sew, play games, and have light refreshments. Each morning started with group singing, and a brief devotional period.

Whiting, Snow Honoured by Milton Chamber

Two men who represent Milton constituents in the Ontario and Canadian parliaments have been named honorary members of Milton Chamber of Commerce. The honorary memberships—first to be granted to anyone—were awarded by Chamber directors at their July meeting to Halton MPP Rud Whiting and Halton East MPP Jim Snow.

Necessity of keeping in contact with the elected representatives was stressed in a letter to the Chamber from Ontario Premier Bill Davis. The Premier said 'he government welcomes the opinions of Chambers of Commerce as spokesmen for the business community.'

The Gothic, or pointed arch, was invented in France.
