REMEMBER

Last Spring United Gas advised its customers that a service charge will be made for the light-up of natural gas heating equipment if the request is received between September 1 and November 1.

THE CHARGE FOR THIS SERVICE WILL BE \$5.

It is recommended that pilot lights on most gas heating equipment be left on during the summer months.

But, if for some reason your furnace pilot light is off, we would suggest you make your request for light-up **NOW** and save \$5.

You'll also be ready for that first Autumn cold snap.

We regret the need for this action but it has become impossible to satisfactorily service the multitude of calls received at the beginning of the first cold spell of the heating season.

United Gas

BRIDGE CLUB

Twelve tables were competing for points at the Georgetown Duplicate Bridge Club on Tuesday, August 3.

North-south winners were first Peter Gifford, Arthur Kwei; Mr. and Mrs. J. Anderson, second; Mrs. Elizabeth McCrae and Bart Fisher, third; Cam Sinclair and Larry Lawson, fourth.

East-West winners J. Cooper, J. Sargent, first; Mr. and Mrs. P. Jeffaris, second; Mrs. Doris Barber and Mrs. Neillie Goldham, third with Mrs. Gundy Kistemaker and Duke Wilson, fourth.

FLOOD GRANT

The Honourable James W. Snow MPP for Halton East and Minister Without Portfolio announced Friday that the approval of a provincial grant for \$150,000 to the Halton Region Conservation Authority for the Milton flood control project had been received.

Cadets from 756 Squadron Georgetown arrive at Air Cadet Summer Camp at CFB Trenton.

Georgetown Air Cadets Among 1600 At Trenton

Every summer approximately 1600 teenagers attend Air Cadet camp during July and August at Canadian Forces Base Trenton, in co-operation with the Air Cadet League of Canada and the Ontario Provincial Committee.

Attending again this year were the cadets of 756 Squadron, Georgetown.

Devoted to developing the attributes of good citizenship, leadership, physical fitness and the stimulation of an interest in

the land, sea, and air elements of the Canadian Forces, the cadet movement is one of the fastest growing youth movements in Canada today.

Military life may not be for everyone, but the aims, methods, and results of this program are worth noting.

Two Week Stint Cadets get "high" only in gliders and Canadian Forces aircraft. The only thing they "shoot" are small arms at paper targets under rigidly supervised

conditions. They all have their hair cut short, wear uniforms which make them all look alike, and are taught to speak and act with dignity, restraint and respect.

Each cadet's two week stint at camp is filled with a variety of activities, including drill, water safety, guidance, service information, tours on and off CFB Trenton, survival training, and a full sports program. This year preventive dentistry has been added to the syllabus.

Retired Servicemen There is no evident generation or credibility gap at Air Cadet Summer Camp. Cadets look to the officers and men for guidance, leadership, and example, and they receive each in full measure.

An increasing number of the camp staff are officers, instructors and Reserve N.C.O.'s who have risen to their present positions through the Air Cadet movement itself. Others are "part-time" or retired ser-

vicemen who give of their time each summer. Many work with the Air Cadet Squadrons during the remainder of the year. Their involvement with the program is a total one.

Consequently, the scope and efficiency of the summer operation continues to grow. It may not be the complete or final answer to the problems of a complex, increasingly youth-oriented society, but it is one step and one direction that is worthy of continuation and expansion.

Wrecking Yards Ordered To Comply

Six wrecking yards in Esqueping were told their license would not be renewed until they complied with the conditions set out in the by-law.

The wrecking yards to be notified by registered mail following Tuesday night's council meeting, are Perry McGruthers, lot 32, Con. 1; Leslie Rogers, lot 20, Con. 4; G. Johnston, lot 32, Con. 6; Doug Watson, lot 6, Con. 6; Shirley Byers lot 23, Con. 6; and Art Brown, lot 24, Con. 7.

High Fence Conditions of the by-law demands an 8' high fence screening the yard from a road, a minimum set back distance of 25' from the road limit, no vehicles outside the fence, and a gate which can be locked after business hours.

The license, costing \$20, was renewed for another six yards in the township. The by-law prohibits any new wrecking yards in the township.

Ashgrove News

The summer is slipping away. One can notice the evenings are closing in quicker, harvesting has started and combines are busy in the fields, so everyone must make the most of holiday time that is left.

On a recent week-end Mr. and Mrs. George Bird and their family motored to Powassan to visit with Mr. and Mrs. Bill Kerr and family, the week before Mr. and Mrs. Ward Brownridge had spent a few days at the same home.

A recent Sunday Mr. and Mrs. John McNabb and family visited with his brother and family Mr. and Mrs. Fraser McNabb at Embro.

Mr. and Mrs. Bob Riddell and girls enjoyed a week's holiday up around Nipissing and North Bay the end of July.

Mr. and Mrs. Clayton Wilson motored to Rochester N.Y. to visit her sister and family for a week.

One Sunday recently Mr. and Mrs. John Bellbuddy motored to Laurel and enjoyed a get together with the Richardson families. Relatives were present from Toronto, West Hill, St.

SWEEP students make a demolition crew levelling Limehouse cottage. In the gang are Dave Culliton, John Lavelle, Eric Scratfield, Bruce McKay, Geoff Davidson, Ron Lindsay, Martin Willschick, Alex Love and Rick Currie.

Demolish Cottage in Conservation Project

Williams, Galt and cousins from Calgary, Alberta who had come East for a month's visit.

Mr. and Mrs. Wm. Elliot and their children have been on holidays for 2 weeks. They were guests at her niece's wedding in Napanee. They attended a twenty-fifth wedding anniversary in Napanee, then finished vacation by visiting their former home and friends in Belleville.

When driving on freeways, know your exit ramp and the one before it. If you make a mistake, keep going. Don't stop or back up. "Bring 'Em Back Alive!"

Dozen Brownies Swiss Style

Camp Wyoka was the site of a recent Brownie Pack Holiday attended by 12 girls of 14th Georgetown Pack and six girls from Norval.

The theme for the holiday was Switzerland, and during their weekend the girls did leathercraft, earned athletes' and collectors' badges, went swimming twice a day, learned some German, and sang Swiss songs.

Mrs. Marion Booth was Brown Owl assisted by Mrs. Barb Newman.

A white-helmeted 10 man crew working in the Limehouse area last week, made a clean sweep of the Credit Valley Conservation area.

S.W.E.E.P. is also the name of the government sponsored student work programme in which they are employed. S.W.E.E.P. means students working in an environmental enhancement programme.

They have been demolishing a cottage, cutting dead trees, and digging soil tests, on the former Benny Spitzer property, a 190 acre site now owned by the Credit Valley Authority.

RESTORE KILNS The Authority acquired it five years ago and plan to develop it by restoring some of the lime

kilns for demonstration purposes, and may restore the old grist mill and mill pond dam.

Most important to the Authority, is the preservation of the area for its natural beauty, mature hardwood stand and as an example of typical bedrock escarpment land.

TWO YEARS The property fronting on the 5th line and bounded by the railway tracks should be open to the public within 2 years. A large house at the back of the property was originally built to house the staff and foreman of the lime kilns.

The Credit Valley Authority has 43 students in the S.W.E.E.P. programme working for them.

CNE Grandstand Show

Friday, August 20	Jerry Lewis Lynn Anderson / The Belts	\$4.00, \$5.00 & \$6.00
Saturday, Aug. 21	Floyd Cramer / Chet Atkins Boots Randolph / Roy Clark	\$4.00, \$5.00 & \$6.00
