# Larger Registration Means Two Soccer Sports Days

by Murray Parsons

Owing to the increased number | Eagles of boys in the association the Bobcats customary sports day will this Bombers year be divided into two separate Wolves days. The first will be on Sunday Boomerangs Sept. 19th starting at 2.00 p.m. This session will be for Squirts & Atoms only and will feature competitions and a free issue of hot dogs and pop. The older boys get their turn later. tested game.

The G.D.M.S.A. fund raising dance, proceeds of which are destined for the building fund was as usual a success. One disappointing feature was the difficulty encountered reaching the parents with information concerning this dance and other similar functions.

Any suggestions other than Cable T.V. and the Georgetown Herald both of which carried the message for over a month prior to the dance?

#### WOMAN'S LIB IN SOCCER

I have received the following report from Des Rafferty manager of the Atom Falcons. During the last days of school

summer holidays, the young ladies of Moore Park banded together and formed a soccer team, called the "Georgetown Girls", and challenged the "Falcons" of the Atom League. After two intensive training sessions and quickly mastering the fundamentals of "Position" and "Passing" they tackled the Falcons with determination.

Despite two early goals for the Falcons by Tony Smith and Andy Shenton, the girls continued to press for goals. In the last minutes of the first half, Susan Golden Hawks Wilde scored from a penalty kick. Susal Innis scored for the girls in the second half, and Eliz-Wildcats abeth Bowman in goal made Spitfires three outstanding saves. The coaching from the side-

lines was noticeably blased in favour of the girls. Perhaps the boys should let their hair grow Bodin scored for the Falcons effort. bringing the score to 4-2 in their favour.

If the Falcons had expected an easy game they were quickly disillusioned. The girls can pass, run, intercept, and head the ball. The young ladles were, Susan

and Linda Wilde, Sheila and Monica Rafferty, Kellie Liley, Susan Innis, Sonja Knoepfli, Theresa and Dianne Leyes, Elizabeth Bowman, Inger and Maxine Passer, and Sharon Richardson.

I understand that another game is tentatively scheduled for the Georgetown Girls on Sunday, Sept. 19 against the Atom Aces.

#### REPRESENTATIVE PLAY ATOMS Georgetown Cyclones 2 Kitchener 4

Due to misleading instructions the Cyclones spent 11/2 hours finding the grounds at Kitchener and due to the hot humid weather it was a tired team that finally took to the field.

At 1/2 time the Cyclones were leading 2-1 but the determined Kitchener team pressed hard in the 2nd half and scored 3 unanswered goals. The Cyclones goals were scored by R. Fisher and M. Law. The Georgetown boys are invited back to participate in the Kitchener-Waterloo Oktoberfest competition.

### Georgetown Cyclones 4 Bronte 1

The Cyclones experimented during the first half with many positional changes teg. Forwards on defense and backs on the attack) which yielded a score of 0-0.

They got serious in the 2nd half and returned their men to their usual positions. P. Morrow scored a hat trick (3 goals) 2 of Rockets which were penalty shots, M. Law got the other goal.
