

# ATOMIC POWERHOUSE

Glen Williams Atoms garnered three titles during their 1971 campaign, the Hornby Atom Tournament title, Halton Rural Atom Softball League first place title, and that league's playoff champs. In the front

row from left are Brett Goodlett, Scott Marshall, Grant Marshall, Kevin Frank, Kevin Wilcox, Dick Bryant and Phillip Saunders. In the second row are Danny Knight, Terry Hills, Bob

Felker, Jeff Gimpel, Chris Haines, Ricky Knight, and Gary Schamehorn. Behind them are coach Doug Bryant, Scott Crawford, Jim Carmichael, and coach Dean Hancock.

Kevin Frank, left, was the winner of the Jack Hepburn Trophy as the Glen Softball

Atoms' Most Valuable Player this year, and Jim Carmichael, right, won the

Dave Stamp Memorial Trophy as the team's Most Improved Player.

## Georgetown Family Off For Caribbean Dream Trip

Almost everyone has visualized an extended pleasure cruise in the Caribbean. The dream came true recently for J. E. Smith and his family, of 104 Rexway Drive, Georgetown, when they left Bronte harbour to spend 10 months sailing among the islands.

A newly-built 30-foot Grampian sail boat with auxiliary motor will be home for the Smiths during the long voyage. Jack and Madeline began thinking about the trip eight years ago. Their children, Karen 13, Wendy 11 and Lise 5½, are just as enthusiastic as their parents. Even their 14 year old cat, Mandy and 10 year old dog, Laddie, who accompanied the family, seemed to take a new lease on life.

The Smiths are not burning their bridges behind them. They have rented their home in

Georgetown and intend to return to this area next year.

A mechanical engineer who became interested in electronics, Jack spent 11 years with Power Projects, Atomic Energy of Canada Limited, Sheridan Park. Regarded as a pioneer in the control computer field, he was responsible for such equipment at the Douglas Point Nuclear Power Station. Until resigning recently he was also in charge of control computers for the Pickering and Bruce Generating Stations.

An interest in sailing came naturally to Jack. His father was in the Royal Navy during the First World War. As a boy in Toronto he listened spellbound as an uncle recounted his experiences in the merchant marine. Jack has owned and operated several boats over the

years. His female crew is less experienced.

Madeline and Jack are confident that their plan will result in an even closer family relationship. The children are more inclined to picture the trip as an adventure story come true. When first told of the plan the youngsters visualized a school holiday lasting almost a year. Now Karen, Wendy and little Lise look forward to an educational program few children ever experience.

While cruising among tropical islands they will participate in a correspondence course sponsored by the Ontario Department of Education. Madeline will supervise Lise's studies and Jack those of Wendy and Karen. Between lessons all will lend a hand in running the ship as it sails to new places and brings alive history, geography and social science.

## Grant for Scotch Block

James W. Snow, M.P.P. for Halton East and Minister without Portfolio has announced the approval of a provincial grant of \$2,150 to the Halton Region Conservation Authority for initial development work in the Scotch Block Conservation Area.

It comprises 146 acres of land on the middle branch of Sixteen Mile Creek. Acquisition of the area was carried out during 1966-70 and a dam and reservoir constructed.

Now that construction of the dam and reservoir have been completed the authority is proposing to undertake construction of a road and parking lot in the area, provide a number of signs and carry out some landscaping in the coming fall.

All member municipalities have been designated as benefiting and will bear the authority's share of the cost.
