

Tension Builds As Cup Draw Progresses To Semi Finals

With the House League virtually over and Cup Competition in full swing Soccer '71 is almost over. It has been most gratifying to see the number of spectators on hand at the various games lately. For instance at the Giants vs Bobcats Squirt Cup game on October 2 we counted at least 80-100 spectators including 50 plus parents. Keep it up folks.

Referees, please be sure to include the names of goal scorers on your reports particularly in cup games as the lads like to see it in print.

SPORTS DAY
The weather for the older lads was real good but attendance down a little. The occasion was an overall success and we would like to thank those who worked so hard to ensure that the lads had a good time.

K. P. duty roster: Doreen Bew, Denise Hatcher, Jean Lindley, Norma and Tracy Porter, Ann Roxborough, Peggy Stevenson, June and Susan Wilde.

Sports Detail: Rav Ackroyd, Charlie Coomber, Geo. Duncan, Peter Jones, Fred Kerr, Jim Lindley, Bob Marshall, Art McManus, Jim Mercer, Al Potter, Al Roxborough.

FACILITIES SUB-COMMITTEE
Messrs. Ackroyd Syme and Parsons met with Doug Collison (Recreation Director) on Monday Sept. 27 to discuss the availability of facilities for the 1972 soccer season.

I am happy to report that the meeting was cordial and constructive. While only generalities were discussed it appears that we can expect great improvements for 1972 which will include sufficient field hours to enable us to shorten the season and schedule practice and training sessions.

We shall be meeting again during this week and as often as necessary to formally establish all aspects related to facilities so that we may start planning the 1972 season well in advance of registration.

I would point out that certain disciplines may be required of us related to the respecting of other sports groups, playing and training areas. These we will accept gladly but will expect reciprocal acceptance of these disciplines by other groups.

The situation looks promising and for myself I believe that the G.R.C. will do their best but promises are only useful when translated into actions and achievements.
