

Fly From Scotland for Daughter's Marriage

Photo by Home Town Studios

The bride's parents, Mr and Mrs. Andrew Walker and her maternal grandmother, Mrs. Shearsley flew from Edinburgh, Scotland for the marriage of Carolanne Walker and Raymond

Mr. and Mrs. Raymond Bell O. Reid Bell, which took place in St. George's Anglican Church, September 11.

The groom, an employee of Peterborough Transport in Toronto, is the son of Mr. and Mrs. Wilfred Bell, 340 Delrex Blvd. His bride is an employee of the Workmen's Compensation Board.

White gladioli and mums decorated the church for the wedding ceremony, performed by Father Robert Gallagher. George DeKleer was organist. The bride was given in marriage by her father in the double ring ceremony.

She wore a gown of white broderie anglaise and stiff white silk, trimmed with seed pearls. The gown had a long train. Mrs. Barbara Flood, Huntsville, matron of honour and bridesmaids Susan Legault, Toronto and the groom's sister Sylvia Bell, wore full length blue patterned gowns with cyclamen pink sashes and matching shoes. They carried blue and white bouquets and had white daisies in their hair.

The bride's cousin, little Jean Steele, Toronto, was flower girl. She was in full length white nylon with lilac trim and carried a basket of flowers.

Bill Riddle, brother-in-law of the groom, was best man and ushers were another brother-in-law, Charles Morris, Whitby and Lorne Parsonson, Islington.

A reception followed at the Holiday Inn, Oakville, where the bride's mother received guests wearing a turquoise silk ensemble with hat and accessories to match and a pink rose corsage. The groom's mother also receiving, chose a rose silk dress, floral hat in the same shade and white accessories, and a mauve and pink orchid corsage.

For the honeymoon motor trip to the States, the bride wore a pink crimplene pant suit, black accessories and a white and pink corsage.

They are making their home in Toronto. The bride was presented with a silver horseshoe by the groom's nephew, little Geoffrey Riddle of Mountainview Road when the newly married couple were coming out of the church. The bride presented both mothers with beautiful bouquets before leaving for the honeymoon.

Wedding guests included Mrs. Waugh Bingham, who travelled from Belfast, Northern Ireland to attend her godson's wedding. Others came from London, Windsor, Kingston, Whitby, Huntsville, and Novar, and telegrams were received from Scotland and Northern Ireland.

The sum that Christopher Columbus was paid for his discovery of America amounted to about \$320.

It is said that all the blood in the body goes in and out of the heart once every minute.

William Norton was a dentist, known as one of the discoverers of ether as an anesthetic.

How much heating should your home heating system do?

Natural Gas. Clean up to the sky.

United Gas
total comfort plan

A heating system should provide reliable heat when it's required, there's no disputing that. But more than that, a modern system should provide Total Comfort. And that means fresh air, cool air, the proper humidity and cleanliness.

You can add all these features when your basic system is Natural Gas forced air heating.

For instance, you already have the ductwork that's required to carry conditioned air to every part of your home... so a Natural Gas air conditioning unit can be installed quickly and economically. Then your heating system becomes part of your summertime comfort, too.

Then there's the case for the electronic air filter which can be added to your heating system. This device removes tiny particles of dust from the circulating air, constantly cleaning and filtering it. Housewives using the air cleaner have found that dusting and cleaning was reduced by more than 50%.

Next, let's talk about proper humidity control. There's a case here for more than comfort, because proper humidity can benefit your health. Breathing is far easier, and some forms of respiratory tract conditions can be prevented. Again, having a Natural Gas heating system makes it easy for you to install a highly efficient humidity control unit.

And while we're on the subject of clean air, keep in mind that as you burn Natural Gas you're doing your part to help control air pollution. Because Natural Gas burns clean, burns completely.

Talk to United Gas or your Natural Gas heating contractor for the total story on total comfort. He'll make sure you're getting the most from your heating system... more than just heat.
