

Proposed 15 Storey Building Would Have 170 Apartments

Artist's sketch of H.C.M. Developments proposed apartment building.

A 15 storey apartment, with sauna, swimming pool and tennis courts, is planned for land on Main Street North, just over the White bridge.

The 2.5 acres of land are owned by R. C. M. Developments, which includes Roy, Cyril and Mac Swin who operate Swim Laboratories on the site, and own the brick house there which was formerly used as a nursing home. Both the building, and the house will be demolished if the proposed apartment building is approved.

WILL PLANT SCREEN

The triangular piece of land is bounded by Main Street North, Carruthers Road, and the CNR track, so the high rise will not block out the sunshine from any adjacent homes.

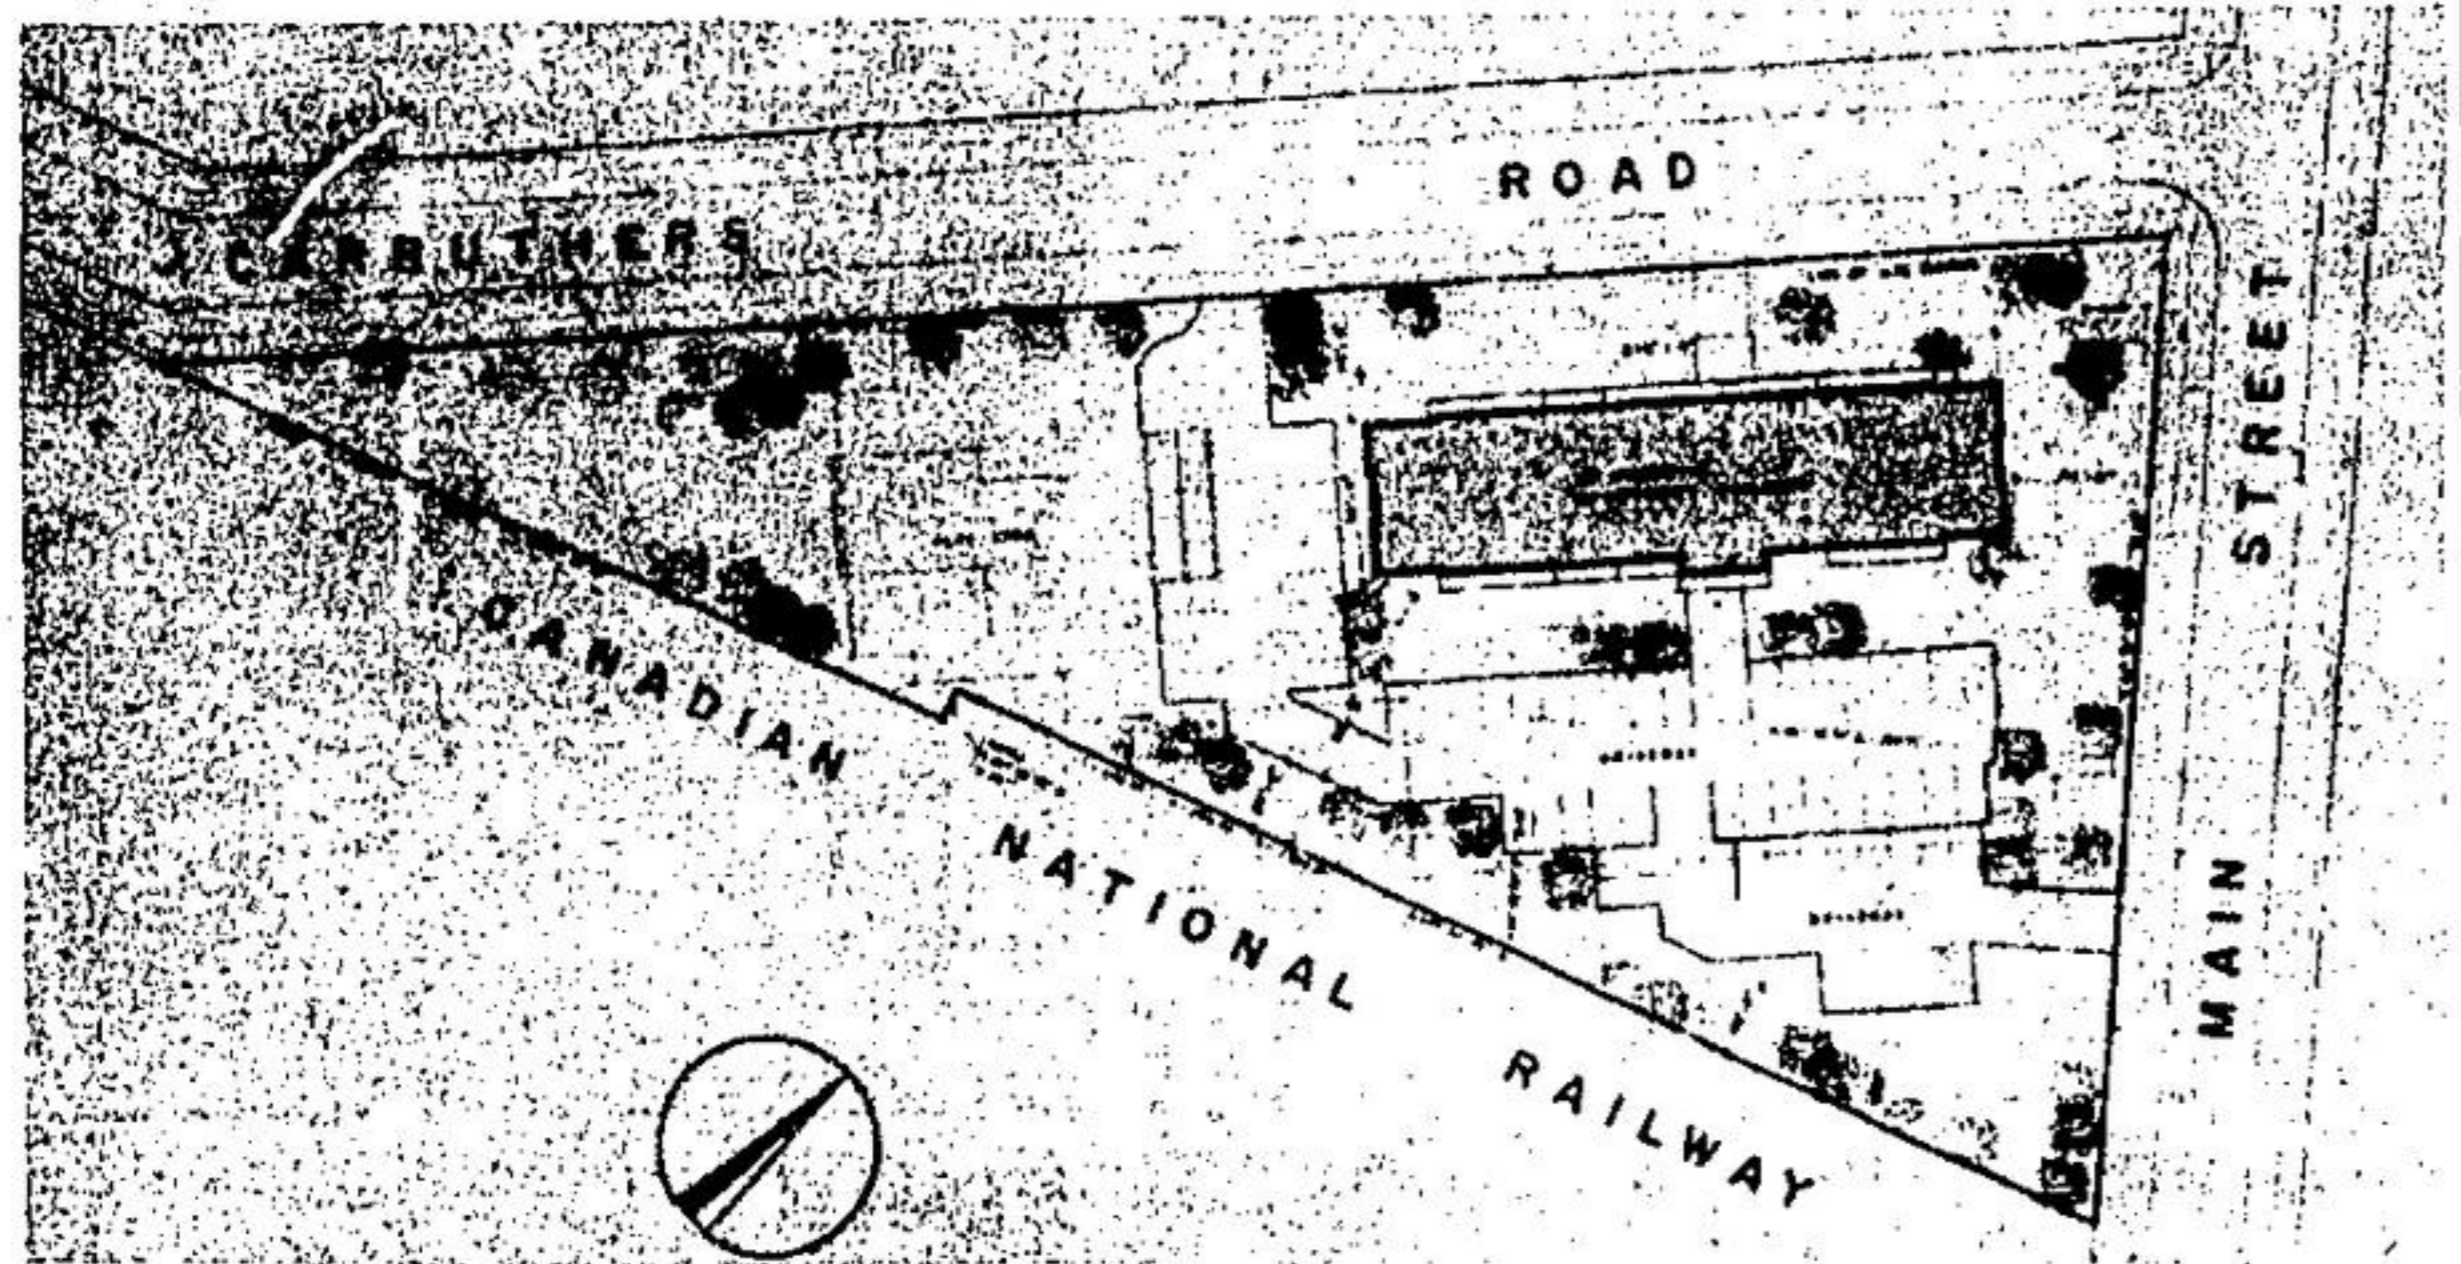

Shrubbery will be planted along the railway tracks, partly as a sight screen and partly as a sound screen.

170 APARTMENTS

A gymnasium and laundry will be on the same level and underground parking for 195 cars, there will also be outside parking for 60 cars.

A very large percentage of the land, 75.42 percent will be left in open space, plus another 4 percent will be children's play area.

The 170 apartments will be made up of 85 single bedroom and 85 two bedroom apartments.

Building would be on triangle of land bordered by CN railway, Main Street North, and Carruthers Road which is the continuation of Ewing Street.

Christmas Special Time for Togetherness

Christmas is, above all, a time for rejoicing and togetherness. A modern Christmas, just like an old-fashioned Christmas, calls for gatherings of family and friends, with much merriment, fun and feasting.

Through the years, the ways of celebrating Christmas have taken on many different forms. Today Christmas is apt to be plastic or aluminum trees, rather than nature's own fir, spruce or pine. The glow of tiny beeswax candles is only a memory, replaced now by strings of

twinkling lights. Once Jolly Old Santa was transported only by reindeer drawn sleigh. He may now arrive by helicopter or jet plane.

In spite of the changes, the essence of the season, the basic spirit of Christmas stays the same.

Like yesteryear, families celebrate with gifts and greens,

with the warmth of a glowing hearth and the gleam of a lighted tree. Stockings are hung by the chimney with care and even with candles, though these are in candleholders - rather than from the tree.

The togetherness at Christmas, and the ways of celebrating are all part of the legend and lore of Christmas.

About Christmas

Christmas is not a time or a season but a state of mind. To cherish peace and good will, to be pious in mercy, is to have the real spirit of Christmas - If we think on these things there will be born in us a savior and over us all will shine a star - sending its gleam of hope to the world. —Calvin Coolidge

IT'S FUN... Making stockings for the family mantle is a fun chore for the teenager who likes to sew. Bright, red stockings can be cut from a do-it-yourself pattern, names handstitched in gold or bright yellow thread.

May the guiding star of Christmas light your way.

And along with our fondest wishes that every wish will come true for you, we also extend our sincere "thank you" for your loyalty during this year.
