Merry Christmas

something for "Harry the Hacker"

Lots of us are known as, "Harry the Hacker," because of what we do to a Christmas Turkey.

The secret to classic carving is a very sharp, thin-bladed knife. Allow bird to sit in roasting pan 15 to 30 minutes. It will slice cleaner and the juices will be absorbed, too. Follow these simple directions:

1. Cut off leg by drawing knife deeply between leg and body through hip joint. Press leg away from body and remove.
2. Before slicing breast, make a deep horizontal cut to bone in breast, just above the wing.
3. Beginning about halfway up breast, slice downward with straight even strokes until slices fall free at cut.
4. Cut off wing through shoulder joint. Cut off wing tip. When one side is clean, turn platter and carve other side.

One final thing you can do for "Harry" ... buy your turkey at A&P.

Our Super-Right Turkeys are all Grade "A" birds. Harry will carve such beautiful slices you'll want to rechristen him, "Sam the Surgeon."
