Tykes Stars Finalists In Paperweight Tourney

by Brian James
Tyke All Stars won one game 3-0, lost another 1-0, and were defeated by Barrie, 6-1 in the consolation final, when they competed in the Chinguacousy paperweight tournament.
Playing well against Hespeler, they had no luck around the net, and dropped their game 1-0. It was a different story when they defeated Streetsville 3-0, playing a strong checking game. Jason Mogg from Mike Doucette, Paul Clatney and Lance Doucette, unassisted, Keith MacLeod recorded the shut-out.
Meeting a strong skating Barrie team, Tykes got only one goal, Chris Peavoy from Mogg in the last period. Barrie scored three of their six goals while shorthanded.
I would like to thank the parents who travelled with the team, and the players for a strong performance in the tournament.

Thursday, Tyke All-Stars played Hamilton in a high scoring contest, in which All-Stars won 6-4. The game seesawed back and forth, with a tie score at the end of two periods. All-Stars took control in the third and added two more. Scorers were Lance Doucette, a hat trick, Bobby Morrow, two and Chris Peavoy. Assists went to Scott Dalton, 2, Mike Doucette, Adrian Vegts, Lance Doucette and Jason Mogg.

In last week's games St. Louis won 7-0 over Los Angeles to open up a 10 point lead over Minnesota. Kevin Frank, Bobby Morrow and Eric Clarke scored two each, Gerald Smith one...Minnesota lost 6-3 to Pittsburgh, with Vugts and Mike

Mitchell their scorers. Duane Hatcher and Dean Hooper each got two, singles by Mike Doucette and Rod Cook for the winners.
New York revenge last week's loss in a 3-1 win over Chicago. Lance Doucette and Kevin Hughes scored two of the goals...Montreal blanked Boston 1-0, and Detroit and Toronto played to a scoreless tie...

The season for brook and brown trout opened on January 1 in zones nos. 7-9-10 and 14. Haliburton county which is in zone 7 is a popular region for those that prefer to fish through the ice.

The season closes September 30. The district of Parry Sound also opened for speckled and brown trout January 1 but closes on the following September 15. It's another popular spot for winter anglers. Extreme caution should be used at all times before going out on any lake this year.

GASOLINE 10¢ Per Gallon?

Do you believe it? Of course you don't because your good sense and the fact that gas sells everywhere for 4 or 5 times that price warns you not to believe it...Last week there were four advertisements in a large newspaper for front end alignment at \$5.88, \$6.88, \$8.99 and \$8.88 with the price in very large type. How many people know how much the usual price is? Most people don't but the common assumption is \$11 to \$13. How can they afford to discount up to 55 percent?

Don't be fooled, these are "leader" prices and the advertising objective is to get you in his door so he can proceed to sell you more at his regular price.

Nobody can stay in business selling at cost or less! The plain fact is that you are likely to be scared into buying from 5 to 20 times the amount of the come-on.

Your car may need the work, but it is a heck of a way to get shocked into buying it.

If we advertise a price special that is exactly what it is and you can buy it without fear of being scared into buying more, if your car needs work we'll tell you before we ever lift a wrench, also what it will cost.

We want you to come back, we want you for a continuing customer, we would like to sell you a new or used car, we don't dare try and con you on a one shot special.
