What Quality Beef Does A&P Sell?

That's a fair question. And an easy one to answer.

A&P sells only Canada's finest, Red Brand Beef.

But that's not the whole story.

This is important!

A&P buys only Red Brand Beef that meets our high "Super-Right" Quality specifications.

Some beef labeled Red Brand just isn't good enough to be called "Super-Right."

You see we're very fussy about the meat we label "Super-Right."

Are "Super-Right" Meats a good reason for shopping A&P?

They're one of many!

Boneless vs. bone-in meats
 A 6-lb. bone-in rib roast yields only about 3-lbs. of boneless cooked meat. Often, less wasteful boneless roasts costing more per lb. are more economical.
