GETTING THE MOTORCYCLE OUT?

Attention Motorcycle Operators! Now that spring is here, you'll be getting your bike ready for use in the good weather ahead. Make sure your motorcycle is in good repair. Remember...control performance and reliability are affected by good maintenance. Make sure you always wear your safety helmet - don't forget it's required by law. Also, make sure you know the rules of the road. Your control performance and reliability is also important and this is affected not only by your knowledge of the rules of the road but also by your good manners.

SPRING BAZAAR HAD DUTCH FLAVOUR

The aroma of herring mingled with that of tulips at the Spring Bazaar and Festival in the Georgetown armory. At one of the little market places A. Leferink offers an eel, and Mrs. Leferink tempts the passing shoppers with a herring. It was the second bazaar and festival operated by the Georgetown District Christian School home and school association. Visitors enjoyed games, a bazaar, contests, entertainment, a Chinese auction, movies, and restaurants.
