

Georgetown Cable TV Announces Appointments

A. J. Jamieson, president and general manager of Georgetown Cable T.V. Limited has announced the recent appointments of John E. Ollivier as marketing manager, and Edward J. Caswell as plant manager.

JOHN E. OLLIVIER
After four years as plant manager, Mr. Ollivier has

assumed the position of Manager of the newly created Marketing Department. A resident of Georgetown for more than seventeen years, he has been with the company since its inception, and has extensive experience in advertising and sales, through past positions as advertising manager with area newspapers, including the Georgetown Herald.

The new department will enable the company to better serve the community's interest, and offer publicity and assistance to Georgetown's various service and recreation organizations. Mr. Ollivier's responsibilities will include sales and customer relations, as well as supervision of Georgetown's community television station, Channel 5 on Cable T.V.

Mr. Caswell, who is an honours graduate of RCAF courses in radar and electronics technology, receiving extensive training in the television and electronics servicing field before entering the CATV industry several years ago. He was chief technician for Merritt Cablevision, Merritt, B.C. before

EDWARD J. CASWELL
Joining Georgetown Cable T.V. Limited in a similar position last year. His duties as plant manager will include operation and maintenance of the Georgetown Cable Television system, as well as construction of extensions to the plant.

FESTIVAL QUEEN

If you notice a regal aura about Georgetown high school student Sylvia Katterweil it's genuine. She was crowned queen of the school's annual ball at Georgetown Golf and Country Club, Friday. This year's theme was Japan's Festival of Flowers.

Parents Join Children At Family Service

The congregation of St. Andrew's United Church observed Mother's Day, or Family Day, May 14 in a fitting fashion. The children of the Sunday Church School invited their parents to worship with them at the 11 o'clock service, with the result that the little church was crowded.

Only new, modern hymns were sung. The children sang with gusto, leading their parents, to whom most of these songs were unfamiliar. Lively accompaniment was provided by piano and organ.

By means of little stories the minister addressed himself first to the little ones, then to the juniors, and finally to the adults. The emphasis was upon God's place in the home, and the responsibility of parents and the church to assure the best for the children, namely, a Christian upbringing.

HORNBY

(Continued from Page 3)

Get well wishes are extended to Steve Trencs Sr. who is a patient in the Milton District Hospital. His many friends wish him a speedy recovery.

Anniversary greetings are extended to Mr. and Mrs. Doug Leslie, who will celebrate their Silver Anniversary on Sunday, May 28. The best of wishes are extended to Doug and Adele on their special occasion.

Get well wishes are extended to Elmer Cartton, who is a patient in the local hospital.

Mr. and Mrs. Leslie Rutledge of the Ninth Line, spent the weekend at Rochester, New York, where the Grand Slam quartet from Brampton were invited to visit with them.

—Mrs. Jim Hamilton.

Ceremony Invests Norval Leaders

(Continued from Page 6)

Congratulations to Mr. and Mrs. John P. Doane who celebrated their 50th wedding anniversary with dinner at Squire's Inn on Friday evening May 19 with their family. Their daughter Jean (Mrs. Bowman) of California was present and Mr. and Mrs. James Doane and family, Ann, Janice and John.

Unit One of Norval United Church women met at the home of Mrs. L. May on Tuesday evening May 16 with Mrs. Murray Laird in the chair. Mrs. James Laidlaw gave the devotional and Mrs. Gordon Miller gave the chapter from the study book on Angola, Africa.

Highlight of the meeting was the presentation of a crystal vase of flowers to Mrs. John P. Doane on the occasion of her 50th

wedding anniversary. Mrs. L. Cleave and Mrs. S. Shaw assisted the hostess in serving lunch and a social time was enjoyed.

The 2nd Norval Brownies' bottle drive was a very successful venture with more bottles than anticipated, however, if for some reason you missed the drive the Brownies could use a few more bottles at this time to bring the amount collected up to an even two tons. If you have any to be picked up call Mrs. H. Neuman at 865-8206.

Another bottle drive is planned for sometime in September so in the meantime save your glass jars and non returnable bottles for the Brownies.

Get well wishes are extended to those from the community who

have been in the hospital recently.

In Georgetown & District Memorial Hospital are Orval Shea, Mrs. Jean Hunter, Mrs. Peter Pew, and Eddie McLean. Harold Lyons is a patient in Peel Memorial Hospital, Brampton.

Norman Guthrie has returned home from a few days in Georgetown hospital, and little four year old Freddie Shea, son of Mr. and Mrs. Norman Shea had a tonsillectomy on Tuesday in Georgetown hospital.

The descendants of the late Mr. and Mrs. Matthew Laidlaw held their family reunion at Pinegrove School hall on Sunday May 21 with over 40 in attendance. Lunch and an afternoon of sports was enjoyed by all.

—Mrs. Ed McLean

District Commissioner Gordon Douglas swears in John Fendley and John Booth as Cub and Scout leaders respectively in a ceremony in Norval parish hall.

THE STRONGEST BELTED TIRES ever made!

and get ours at prices that can't be matched anywhere!

Undeniably, the original glass-belted tires introduced on new cars in 1969—built with 2-ply cord body and 2 glass belts—upped potential mileage by 50 to 100%. Even more important, they brought a new degree of vehicle stability, on-track steering, improved braking. Since then, newer materials and advanced technology have stepped up their high-speed performance. That 2/2 construction is still the car-maker's top choice for new cars. Canadian Tire offers it in Polyester cord—at about half the manufacturer's list price...or the safer-than-ever DuPont '66' Nylon at no extra cost. Compare with tires offered elsewhere at so-called special sale prices. You will likely find we save you an additional 25%. And our Super-Lastic tires are guaranteed unconditionally—even against punctures, run-flats, or wear-out.

Before you buy, investigate our new 4+2 NYLON. It's the strongest and the safest!

4+2 (6-ply) STEEL-BELTED Tire...

4 body plies of Polyester PLUS 2 steel belts—the much talked-of, super-performing tire. They are expensive so there are few around. But we've got them, and you'll find the after-trade price is right.

4+2 (6-ply) Nylon GLASS-BELTED Tire...

4 body plies instead of 2—PLUS 2 glass belts—the strongest and safest glass-belted construction. More of everything—including lowest-cost mileage. These tires are in short supply elsewhere, so beware of substitution. Look for the inscription: "Tread 6-ply" engraved on the tire's sidewall. Otherwise it's not a 6-ply tire.

2+2 (4-ply) Nylon or Polyester Glass-Belted

The wide wide glass belt. Up to 1/2" wider tread. The type of construction used for original equipment on 1972 cars, with the stronger-than-ever glass belt—PLUS Polyester or Dupont '66' Nylon body plies.
